

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES
OF WILD FAUNA AND FLORA

Sixth Meeting of the Conference of the Parties

Ottawa (Canada), 12 to 24 July 1987

Committee Reports and Recommendations

IDENTIFICATION MANUAL COMMITTEE

1. Terms of Reference and Membership

1.1 At the fifth regular meeting, the Conference of the Parties decided to extend the mandate of the Identification Manual Committee up to the sixth meeting (Resolution Conf. 5.17). The Conference invited:

- a) the Parties to submit in consultation with the Committee appropriate contributions for existing listings in the appendices, especially with regard to flora;
- b) the Parties that propose additions to the appendices to provide appropriate data for inclusion in the Identification Manual within one year after acceptance of such additions; and
- c) the French or Spanish speaking Parties to contribute to the translation of the Identification Manual.

1.2 The Committee is chaired by Switzerland. Current members are experts nominated by the following Parties: Argentina, Australia, Austria, Canada, Chile, Colombia, Denmark, France, Federal Republic of Germany, Guatemala, India, Switzerland, United Kingdom, United States of America and Uruguay.

2. Work of the Committee

Some of the members of the Committee met during the TEC meeting held at Lausanne from 23 to 27 June 1986. Information circulars were sent out by the Chairman to the Committee members on 11 June 1985, 23 August 1985, 3 December 1985, 11 March 1986, 18 April 1986, 25 April 1986, 3 June 1986, 4 November 1986 and 31 March 1987. The remaining work was done by individual correspondence or by personal contacts.

On 31 October 1985 and 28 October 1986 the Chairman submitted interim reports to the Standing Committee.

3. Progress Report

3.1 The following chapters or sections have been printed since the submission of the last report to the Parties (deadline: 1 June 1987).

Total Fauna	437		
Total Flora	23		

Together with the sheets printed prior to the Buenos Aires meeting, a total of 1043 sheets, including 96 in colour, have been produced and distributed to the Parties.

3.2 Nine sheets have been revised and reprinted.

3.3 Number of sheets per Volume

Volume 1, Mammalia	288
Volume 2, Aves	251
Volume 3, Reptilia, Amphibia, Pisces, Insecta	248
Volume 4, Parts and Derivatives I	150

Flora Volume 1, General Part	2
Flora Volume 2, Ferns and Flowering Plants I	1
Flora Volume 3, Flowering Plants II	<u>20</u>
Total	1043

3.4 Each Party received one set of binders of the Flora part (Volumes 1, 2, 3) and a copy of all chapters and sections produced during the reporting period. Parties having paid their contributions to the CITES Trust Fund received six more complete sets free of charge upon request (see Notifications of the Secretariat Nos. 352, 369, 383, 399, 410, 411).

Only 22 Parties made full use of their quota of seven free of charge copies (AT, CA, CH, CL, CY, DE, EC, GT, IN, IT, LI, MY, NL, NO, PA, PG, PK, SE, TN, UK/HK, US, ZA), whereas the Netherlands ordered an additional 22 and the United States an additional 38 copies. Among the 54 Parties receiving only one copy the number of English speaking countries having paid their contributions was surprisingly high. Around 80 copies have been ordered by organizations, firms or private individuals.

Because of the continuing fluctuation in the rate of exchange of the US dollar towards the Swiss franc, a price list in Swiss francs has been established for the sale of surplus copies of the Manual (see Notification of the Secretariat No. 429):

Identification Manual for Fauna	SFr.	500.-

4.3 Counterpart contributions under Resolutions Conf. 3.18, 4.19 and 5.17

By Resolutions Conf. 3.18, 4.19 and 5.17, the Conference of the Parties invited the Parties that proposed additions to the appendices to provide appropriate data for inclusion in the Identification Manual within one year after acceptance of such additions.

In the report given to the Conference at the Gaborone meeting, it was stated that response to this invitation was rather weak, and four Parties were invited again to submit contributions pursuant to Resolution Conf. 3.18. Regarding the amendments adopted at the fourth meeting, there was no response from three Parties, and regarding

those adopted at the fifth meeting, also three Parties did not respond to a letter sent to them by the Committee Chairman on 17 May 1985.

In the meantime, data sheets on some of the species concerned have been prepared by other Parties than the proponents, but in some cases contributions would still be needed:

5. Translations

Canada started to translate the entire Manual from English into French. The first and a part of the second volume of the French translation are in print.

With financial aid from EEC (54,000.- ECU), the Secretariat started to translate the Manual into Spanish.

A Japanese version of the Manual in three binders has been produced and published by the Scientific Authority of Japan in November 1986.

A German version of the Manual, two large binders so far, has been edited by the Scientific Authority of the Federal Republic of Germany. This edition is available from the publisher Daemisch-Mohr.

6. Staff Matters

As in previous years, the editorial work was done gratuitously by the Management Authority of Switzerland. The Secretariat continued to provide a part-time secretary (20%) to the Chairman of the Identification Manual Committee. In addition, during most of 1986, the Secretariat employed a biologist for the editing of the French version of the Manual with financial aid from UNEP.

7. Financial Matters

7.1 UNEP Project

See the Annex to the present document.

7.2 Funding from NGOs

The German Fur Trade Association/Artenschutzkreis des Kürschnerhandwerks sponsored the colour printing of the chapters on Primates, Canidae, Lutrinae, Viverridae, Pinnipedia and Camelidae Fur Skins with SFr. 20,000.- which covered around one third of the actual costs.

World Wildlife Fund Switzerland sponsored part of the artwork of the Varanidae chapter by a direct payment to the artist of SFr. 5,900.-. World Wildlife Fund also agreed to sponsor the artwork of the Birds of Paradise chapter which will cost about SFr. 13,200.-.

World Wildlife Fund US sponsored the artwork of the Appendix I Neotropical Primates poster by direct payment to the artist.

The New York Zoological Society sponsored the artwork of the Amazon Parrot poster by direct payment to the artist.

The SFr. 16,392.- available in the Chairman's account on 1 January 1985 consisted of funds allocated to the production of data sheets on Island Fauna by World Wildlife Fund Switzerland, plus interest. SFr. 555.- were paid to the Australian Management Authority (a.c. Varanidae chapter). It was agreed with the Secretary General that the remaining funds should not be transferred to the Secretariat's account in order to cover the printing costs of the chameleon and birdwing butterflies chapters, but that it should be used for the payment of the part-time secretary in 1987.

8. Future Work

- 8.1 The pending counterpart contributions listed under 4 above should be produced prior to the 7th regular meeting of the Parties.
- 8.2 So far, no Party has shown an interest or an obligation to prepare data sheets on the following taxa:

Mammalia

- Erinaceus frontalis (will possibly be deleted from Appendix II at the 6th meeting of the Conference of the Parties)
- Tarsius spp. (not clear whether data sheets will be prepared by France)
- Cercopithecus spp. (20 species)
- Heteromyidae (will possibly be deleted from Appendix II)
- Anomaluridae
- Muridae (Australian species only)
- Cetacea (freshwater dolphins only)

- Procyonidae (Costa Rican species only)
- Pinnipedia
- Sirenia

It is also not sure whether or not the following preliminary offers will be maintained:

- Gazella spp. (Israel)
- Ovinae (Italy)

Aves

- Podicipediformes
- Procellariiformes
- Pelecaniformes
- Accipitridae (Appendix II species only, except Aquila, Haliaeetus)
- Galliformes (except Phasianidae)
- Turnix, Pedionomus
- Charadriiformes
- Psittaciformes (Appendix II species only except Amazona spp.)
- Musophagidae
- Trochilidae
- Picidae
- Cotingidae
- Pittidae
- Atrichornithidae
- Hirundinidae (will possibly be deleted from Appendix II)
- Muscicapidae (will possibly be deleted from Appendix II)
- Zosteropidae
- Meliphagidae (will possibly be deleted from Appendix II)
- Appendix III - most species

Reptilia

- Cyrtodactylus serpensinsula
- Paradelma orientalis (will possibly be deleted from Appendix II)
- Teiidae
- Colubridae
- Elapidae
- Viperidae

Pisces

- Coelacanthidae (will possibly be deleted from Appendix II)
- Salmonidae (will possibly be deleted from Appendix II)
- Cyprinidae
- Catostomidae
- Cyprinodontidae (will possibly be deleted from Appendix II)
- Poeciliidae (will possibly be deleted from Appendix II)
- Sciaenidae

Mollusca

- all species

Insecta

- Parnassius apollo

- 8.3 Special emphasis will have to be laid on the preparation of the Flora part.
- 8.4 All Parties volunteering to prepare additional chapters of the Manual should note that:
- it will be necessary to ensure that no other Party is already working on the same topic, by contacting the Chairman of the Identification Manual Committee (c/o Swiss Federal Veterinary Office, CH-3097 Liebefeld, Telex 33877 bv et ch);
 - the contributing Party bears all costs for the preparation of texts and illustrations contributed by it;
 - the respective chapters of the Manual will expressly acknowledge the contributions made by individual Parties or non-governmental organizations, but the illustrations used for the Manual may not be copyrighted elsewhere; and
 - contributions should be submitted in accordance with a time schedule determined in advance, in consultation with the Chairman of the Committee.

CP/6105-84-68/Rev.8
CP/6105-84-69/Rev.8
CP/6105-84-70/Rev.8

Implementation: Internal

Duration: 1 November 1984 to 31 December 1987.

Reasons for Revision:

- (a) To reflect the actual 1986 expenditures under the CITES Trust Fund, increasing the 1986 costs by \$23,823 occasioned by the rise in the exchange value of the Swiss Franc in terms of the U.S. dollar.
- (b) To increase the 1987 costs to the CITES Trust Fund by \$135,155 to provide \$33,055 partially for the temporary administrative assistance required for the 6th meeting of the Conference of the Parties to the CITES in July, Ottawa, Canada, additional \$4,350 to adjust the costs of General Service staff salary and additional \$97,750 for 4 months costs of 4 professional staff covering through 31 July 1987.
- (c) To increase the total project costs to the Trust Fund by \$158,978 in view of (a) and (b) above.
- (d) To reflect the actual 1986 expenditures under the Environment Fund under budget line 6105 rephasing an unspent balance of \$8,945 to 1987 for additional production costs of the Identification Manual (French version).
- (e) To provide \$105,875 in 1987 under the Fund Programme Reserve to cover 6 months costs of one professional staff member and the costs of the 6th meeting of the Conference of the Contracting Parties, July, Ottawa as follows:

line 1100: Experts: \$23,930 for 6 months costs for one professional staff member normally financed through counterpart funds provided by the Japan General Merchandise Importers Association

- line 1300: Administrative : \$31,945 for the temporary assistance
Support required for the meeting of the
Conference of the Contracting Parties.
- line 1600: Travel on :
official business: \$20,000 for the staff travel in
connection with the meeting.
- line 5200: Reporting costs: \$10,000 to produce a demonstration "CITES
News" for the meeting of the Parties to
see before making a decision on future
funding from the CITES Trust Fund.
- line 5300: Miscellaneous: \$20,000 for communications and other
miscellaneous costs.

The above costs will be reversed to the CITES Trust Fund when there are enough funds to cover them. This is an interim arrangement made due to the insufficient funds in the Trust Fund.

- (f) To reflect the actual 1986 expenditures under sub-project CP/6105-84-61 - Ivory Co-ordination Unit, increasing the 1986 costs by \$1,844 and providing \$4,466 in 1987 for post 1101 - Ivory Co-ordinator. The total costs are increased by \$6,310.
- (g) To reflect the actual 1986 expenditures under sub-project, CP/6105-84-62 - Special Project Unit, increasing the 1986 costs by \$769 which is transferred from 1987, retaining the total costs at \$50,000.
- (h) To reflect the actual 1986 expenditures under sub-project, CP/6105-84-64 - Caiman Latin America Project, increasing the 1986 costs by \$775 which is transferred from 1987, reducing the total costs by \$13,834 to reflect the estimated needs.
- (i) To reflect the 1986 expenditures under sub-project CP/6105-84-66 - Identification Manual, increasing the 1986 and 1987 costs by \$1,406 and \$3,953 respectively. The total costs are increased by \$5,359.
- (j) To reflect the actual 1986 expenditures under sub-project CP/6105-84-67 - Status of all Filidae in Bolivia, increasing the 1986 and total costs by \$294.
- (k) To reflect the actual 1986 expenditures under CP/6105-84-68 - Status of and the Trade in Green Turtles, rephasing \$22 to 1987, retaining the total costs at \$80,000.
- (l) To reflect the actual 1986 expenditures under CP/6105-84-69 - Status of the Leopard in Sub-Saharan Africa, increasing the 1986 costs by \$4,013 which is transferred from 1987, maintaining the total costs at \$60,000
- (m) To reflect the actual 1986 expenditures under CP/6105-84-70 - Enforcement Seminar, reducing the 1986 and total costs by \$10,834.
