

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES
OF WILD FAUNA AND FLORA

Thirteenth meeting of the Conference of the Parties
Bangkok (Thailand), 2-14 October 2004

DRAFT DECISIONS REGARDING ARTIFICIALLY PROPAGATED PLANTS:

Submitted by a working group chaired by the United States of America following discussion of CoP13 Doc. 51 in Committee I.

Directed to the Plants Committee

13.xx The Plants Committee shall monitor the effects of implementing the revised definition of 'artificially propagated' contained in [Resolution Conf. 11.11 (Rev. CoP13)], pertaining to the production of specimens of Appendix-I species grown from wild-collected seeds and spores, and report their findings at the 14th Meeting of the Conference of the Parties. This report shall particularly note any adverse effects on the conservation of Appendix-I species that have been subject to this revised definition.

Directed to the Secretariat

13.xx The Secretariat shall consider the revised definition of 'artificially propagated' contained in [Resolution Conf. 11.11 (Rev. CoP13)] and make only the necessary changes in Resolution Conf. 9.19 to remove any inconsistency between the two resolutions that may have been caused by revising the definition of 'artificially propagated'.
