**RECOMMENDATIONS MADE BY THE CITES ANIMALS COMMITTEES IN RELATION
TO THE REVIEW OF SIGNIFICANT TRADE IN *FALCO CHERRUG***

'Species of urgent concern'

Islamic Republic of Iran, Kazakhstan, Kyrgyzstan, Mongolia, Pakistan, Russian Federation, Saudi Arabia, Turkmenistan and Uzbekistan

Within two weeks (by September 2005)

Immediately suspend the issuance of export permits for *Falco cherrug* and inform the Secretariat about this measure.

Within three months (by November 2005)

- a) Provide justification for and details of the scientific basis on which it has been established that the quantities of *F. cherrug* exported were not detrimental to the survival of the species and in compliance with Article IV, paragraphs 2 (a) and 3;
- b) Provide information on the distribution and conservation status of *F. cherrug*, explaining when the status was established and by what methodology the information was obtained; and
- c) Provide information on the number of captive-breeding operations for *F. cherrug* in the country and the controls in place to differentiate between captive-bred and wild-caught specimens to ensure that the authorized exports of specimens of wild origin are not augmented by falsely declared 'captive-bred' specimens.

**Within 24 months (by September 2007) for range States wishing to resume the
exportation of *F. cherrug***

- a) Conduct a survey of the status of *F. cherrug* in the country, including an assessment of distribution and abundance, population trends, threats to populations and other relevant factors to provide the basis for the making of non-detriment findings as required under the provisions of Article IV, paragraphs 2 (a); and
- b) Develop a science-based population monitoring system, and establish adaptive management programmes for harvesting of and trade in *F. cherrug*, taking into consideration the results of the survey referred to in the previous paragraph.
