

NOTIFICATION TO THE PARTIES

No. 2014/039

Geneva, 12 August 2014

CONCERNING:

Implementation of Resolution Conf. 12.8 (Rev. CoP13)^{1, 2}
(Review of Significant Trade in specimens of Appendix-II species)

Recommendations of the Standing Committee

1. In the context of the Review of Significant Trade in specimens of Appendix-II species, the Standing Committee regularly recommends trade suspensions for countries that it has determined to have failed to implement Article IV of the Convention. The Secretariat last published the list of countries and species affected by these recommendations with Notification to the Parties No. 2013/013 of 2 May 2013.
2. At its 65th meeting (SC65, Geneva, July 2014), the Standing Committee, having been informed that recommendations made by the Animals Committee in accordance with paragraph n) or o) of Resolution Conf. 12.8 (Rev. CoP13) had not been complied with, recommended that all Parties suspend trade covered by Article IV of the Convention for specimens of *Pandinus imperator* from Ghana. The Standing Committee decided that this recommendation would remain in effect until Ghana demonstrated compliance with Article IV, paragraphs 2 (a) and 3 for the species concerned and provided full information to the Secretariat regarding compliance with the recommendations of the Animals Committee.
3. At SC65, the Standing Committee also decided that in the light of information received from the Islamic Republic of Iran, it should withdraw its recommendation to suspend trade in specimens of *Huso huso* from that country.
3. Parties are reminded that the complete list of Parties subject to a recommendation to suspend trade is available on the CITES website under Documents / Trade suspensions.
4. In order not to undermine the recommendations of the Standing Committee, the Secretariat encourages Parties:
 - a) to take steps to ensure that they can effectively implement recommendations of the Standing Committee; and
 - b) not to authorize the re-export of any specimens imported against such recommendations.
5. Parties are requested to inform their Enforcement and Customs authorities of the availability of the list of trade suspension recommendations on the CITES website in order to avoid the inadvertent acceptance of specimens of species subject to such a recommendation. Parties that require the issuance of import permits for trade in specimens of Appendix-II species are also encouraged to consult the list when processing applications.
6. The present Notification replaces Notification to the Parties No. 2013/013.
