Wildlife Trafficking in Central and  
West Africa** (Cameroon) identified  
regional trends, preparing countries  
for increasing operational activities  
across the region.

### Wildlife Crime Threat Assessment released:

- highlighting the critical actions, coordinated responses and galvanized efforts required to fight wildlife trafficking
- focussing on elephant ivory, pangolin, parrots and rosewood

## WILDLIFE ENFORCEMENT NETWORKS (WEN)

Third Global Meeting of WENs,  
Switzerland

### Development of Guidelines for Strengthening WENs

ICCWC developed a self-assessment tool to assist WENs in identifying areas to strengthen their response to wildlife crime. Guidelines to be piloted across Latin America.
