

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES
OF WILD FAUNA AND FLORA

Thirteenth meeting of the Plants Committee
Geneva (Switzerland), 12-15 August 2003

ID MANUAL: PROGRESS REPORT

1. In accordance with Resolution Conf. 11.19, paragraph g) the Secretariat herewith provides a report on the progress made with the production of the Identification Manual.
2. A list of the sheets that have been distributed since 1 December 2002, and of those being printed edited, formatted, translated, or prepared, is included in the Annex.
3. The source of the sheets is indicated under the original language in which they were provided.
4. The Secretariat has created a database on the ID Manual and is currently in the process of converting all the published sheets into electronic format, for updating and inclusion on its website.

Identification Manual sheets sent to the Parties since 1 December 2002
