Schiphol Airport-Amsterdam  
July 19, 2008

Dear **Ms. Wendy Jackson**,

Greetings from CMA-Philippines.

This is to acknowledge your letter-response dated July 2, 2008 indicating that NZ has no relevant records at hand relevant to our request for documentation. For your information, these documents/records that were requested for quite sometime was actually used by Mr. Wilbur Dovey, CITES-MA-NZ to object against the Philippines' Proposal for Registration of Captive-breeding operations under Agenda Item 47 during COP14 in The Hague, The Netherlands.

It is rather unfortunate that these documents were used to our disadvantage during COP14. The CMA-Philippines will consider proper action on this issue or any development on the matter. We will keep you posted.

Thank you and regards.

Truly yours,

**Dr. Antonio C. Manila**  
CMA-Philippines
