REVIEW OF RESOLUTIONS AND DECISIONS

1. This document has been prepared by the Secretariat.

2. As part of its regular work, the Secretariat has continued its review of Resolutions and informed the Standing Committee, at its 73rd meeting (SC73, online, May 2021), of its intention to prepare proposals for consideration at the present meeting regarding the substantive revision of several Resolutions (see document SC73 Doc. 16). These proposals arise in particular from: the normal work of the Secretariat, in the course of which it becomes aware of a variety of problems of interpretation or implementation of the Resolutions; the editorial review, taking place in fulfilment of paragraph 5 of Resolution Conf. 4.6 (Rev. CoP18) on Submission of draft resolutions, draft decisions and other documents for meetings of the Conference of the Parties; and correspondence from Parties and organizations suggesting the need for corrections.

3. Further, in compliance with Decision 18.84, paragraph c), requesting the Secretariat to: "amend all relevant Resolutions and Decisions to ensure consistent use of the term ‘wildlife crime linked to the internet’ with regard to reference to combating wildlife cybercrime and include as appropriate this terminology on the CITES glossary and the new webpage on Wildlife crime linked to the internet on the CITES website", the Secretariat informed the Standing Committee at SC73 that it intended to propose to the present meeting revisions to Resolution Conf. 11.3 (Rev. CoP18) on Compliance and enforcement and Resolution Conf. 17.4 on Demand reduction strategies to combat illegal trade in CITES-listed species.

4. At SC73, the Standing Committee noted the Secretariat's intention to propose revisions to certain Resolutions, including Resolution Conf. 4.6 (Rev. CoP18) on Submission of draft resolutions, draft decisions and other documents for meetings of the Conference of the Parties, Resolution Conf. 11.3 (Rev. CoP18) on Compliance and enforcement, Resolution Conf. 11.17 (Rev. CoP18) on National reports, Resolution Conf. 12.3 (Rev. CoP18) on Permits and certificates, Resolution Conf. 14.3 (Rev. CoP18) on CITES compliance procedures, Resolution Conf. 14.8 (Rev. CoP17) on Periodic Review of species included in Appendices I and II and Resolution Conf. 17.4 on Demand reduction strategies to combat illegal trade in CITES-listed species. The Committee invited the Secretariat to take note of the comments made by Argentina, Australia, Gabon, Indonesia, and Peru to its proposed revisions when making its proposal to the Conference of the Parties.

5. The Secretariat has prepared proposals in relation to seven Resolutions, limiting the proposed revisions only to those that were supported by Parties at SC73 taking into account the comments made by Argentina, Australia, Gabon, Indonesia, and Peru. These are presented separately in the Annexes to the present document, as follows:

Annex 1: Conf. 4.6 (Rev. CoP18) on Submission of draft resolutions, draft decisions and other documents for meetings of the Conference of the Parties

Annex 2: Conf. 11.3 (Rev. CoP18) on Compliance and enforcement
6. At SC73, the Secretariat proposed that, whenever an amendment of the Appendices by the Conference of the Parties entails the introduction of a new term (such as transformed wood) in the Appendices, that term should be systematically included in the Guidelines for the preparation and submission of CITES annual reports and in the Guidelines for the preparation and submission of CITES annual illegal trade reports by the Secretariat. In order to ensure this is done, the Secretariat proposes a revision to paragraph 4 of Resolution Conf. 4.6 (Rev. CoP18) on Submission of draft resolutions, draft decisions and other documents for meetings of the Conference of the Parties as shown in Annex 1 to this document. Further, the Secretariat intends to incorporate in the Guidelines the terms adopted by the Conference of the Parties immediately after the meeting of the Conference of the Parties and before to the next regular meeting of the Standing Committee. Since Resolution Conf. 11.17 (Rev. CoP18) on National reports stipulates that the Standing Committee needs to concur with the amendments to the Guidelines proposed by the Secretariat, the Secretariat proposes revisions to paragraphs 1 and 3 of Resolution Conf. 11.17 (Rev. CoP18) as shown in Annex 3. At SC73, the Standing Committee noted the intention of the Secretariat to propose these revisions to the Conference of the Parties.

7. The Secretariat further proposes amendments to Resolution Conf. 11.3 (Rev. CoP18) on Compliance and enforcement and to Resolution Conf. 17.4 on Demand reduction strategies to combat illegal trade in CITES-listed species in order to ensure consistent use of the term ‘wildlife crime linked to the internet’. In paragraphs 12 g) and 13 d) of Resolution Conf. 11.3 (Rev. CoP18), the Secretariat proposes to replace “illegal online trade in wildlife” by “wildlife crime linked to the Internet”; and in Resolution Conf. 17.4, the Secretariat proposes to replace “wildlife trafficking via e-commerce” by “wildlife crime linked to the Internet”.

8. The Secretariat proposes amendments to Resolution Conf. 11.17 (Rev. CoP18) on National reports in order to simplify the reporting deadlines and to have the same deadline for both reports called for in Article VIII paragraph 7 of the Convention (the annual trade report and the implementation report). The Secretariat proposes to explicitly mention the date of 31 October in order to clarify the deadline. In the same Resolution, paragraph 3 refers to the report format for the annual illegal trade reports, but the recommended format is in fact part of the broader Guidelines for the preparation and submission of the CITES annual illegal trade report which are adopted by the Standing Committee periodically upon a proposal from the Secretariat. The Secretariat proposes that reference to the Guidelines be included in paragraph 3 of the Resolution to address this inconsistency.

9. In Resolution Conf. 12.3 (Rev. CoP18) on Permits and certificates and Resolution Conf. 14.3 (Rev. CoP18) on CITES compliance procedures, the Secretariat proposes that the term “biennial report” be replaced by “implementation report” in order to bring the terminology into line with what was adopted by the Standing Committee at its 66th meeting.

10. Finally, since Decision 14.81 has been maintained for 15 years (since 2007), the Secretariat proposes that it be incorporated in Resolution Conf. 14.8 (Rev. CoP17) on Periodic Review of species included in Appendices I and II. The Secretariat proposes the verbatim inclusion of Decision 14.81 as a new paragraph 2 in the Resolution. As a reminder, Decision 14.81 directs the Animals Committee not to conduct periodic reviews for any great whale while the moratorium by the International Whaling Commission is in place.

11. At the 74th meeting of the Standing Committee (SC74, Lyon, March 2022), the Secretariat presented a draft Guidance for the publication of the Appendices to the Standing Committee. In order to ensure that the Standing Committee will be consulted on any update of this Guidance, the Committee agreed to propose to CoP19 an amendment to Resolution Conf. 4.6 (Rev. CoP18) on Submission of draft resolutions and other documents for meetings of the Conference of the Parties. The specific wording of that amendment proposed by the Standing Committee has been added to Annex 1 to the present document

12. The Secretariat considers that the proposed amendments will not have any budgetary implications for the Secretariat or any of the permanent committees.
13. The Secretariat draws the attention of the Conference of the Parties to the fact that other amendments to the Resolutions referred to in the Annexes may be proposed in other documents for the present meeting.

Recommendations

14. The Conference of the Parties is invited to adopt the amendments presented in each of the Annexes to the present document.

15. If the relevant change to Resolution Conf. 14.8 (Rev. CoP17) is adopted, the Conference of the Parties is invited to consequently delete Decision 14.81.
