Review of Significant Trade in specimens of Appendix-II species

NET EXPORTS OF APPENDIX II PLANT SPECIES, 2011-2015 - RAW DATA

1. The attached information document has been submitted by the Secretariat and prepared by the World Conservation Monitoring Centre of the United Nations Environment Programme (UNEP-WCMC) in relation to agenda item 15*.
2. In accordance with paragraph 1 a) of Resolution Conf. 12.8 (Rev. CoP17), the Secretariat requested UNEP-WCMC to produce a summary from the CITES Trade Database of annual report statistics showing the recorded net level of exports for Appendix-II species over the five most recent years. The present document presents the raw data that was used to prepare Annex 1 of the document PC23 Doc.15.3

* The geographical designations employed in this document do not imply the expression of any opinion whatsoever on the part of the CITES Secretariat (or the United Nations Environment Programme) concerning the legal status of any country, territory, or area, or concerning the delimitation of its frontiers or boundaries. The responsibility for the contents of the document rests exclusively with its author.
