Progress of implementation: Decisions directed to the Parties

3. Since CoP18 (Geneva, August 2019), there has been no loan of personnel services ("secondments") supported by Parties. The Secretariat has benefited from the continued support of Germany for one Junior Professional Officer who started in May 2018 for a total of four years: Germany has provided financial support for three years, with the future commitment of co-financing from the CITES Secretariat for one year. The Secretariat has also welcomed a number of interns in accordance with UN rules and practice during this period. Despite the fact that most of them had to work remotely because of the pandemic, they have been extremely helpful to the Secretariat.
4. The Global Environment Facility's (GEF) Global Wildlife Program Phase I and II have supported [projects across 32 countries](#) to date. Many of them have components that are related to the implementation of the Convention, and benefit from the direct involvement of CITES authorities in their activities. The Global Wildlife Program also works closely with the International Consortium on Combating Wildlife Crime (ICCWC) in promoting an integrated approach for combating wildlife trafficking.

Progress of implementation: Decisions directed to the Parties, governmental, intergovernmental and non-governmental organizations and other entities

5. In support of Decision 18.6, the Secretariat has regularly published Notifications to Parties<sup>1</sup> entitled *Status of funding for the implementation of valid Decisions after CoP18* so that interested Parties, governmental, intergovernmental and non-governmental organizations and other entities are better informed of the existing funding gaps and their planning efforts could be better focused and effective in the implementation of the Convention. The status of extrabudgetary funding provided in response is covered by document SC74 Doc. 7 and annexes.
6. Pursuant to Decision 18.7, in its discussions with the donors of possible extrabudgetary contributions, the Secretariat has always included the administrative and financial management support to implement the funded activities and encouraged donors to consider allocating part of the budget for this purpose.

Progress of implementation: Decisions directed to the Secretariat

7. The Secretariat has continued to participate in the Program Steering Committee of the GEF Global Wildlife Program with the aim to align GEF funded projects with CITES objectives and has made itself available for consultations with interested Parties. The annual meeting of the Global Wildlife Program Program Steering Committee took place online on 30 November – 2 December 2021.
8. In late 2020, the GEF Trustee, in cooperation with the Secretariat, started its discussions on the eighth replenishment of resources for the GEF Trust Fund (GEF-8). One of the strategic and programming directions under consideration is to evolve the Global Wildlife Program into the “Wildlife Conservation for Development Integrated Program”, which is one of the 11 integrated programmes that will frame the future GEF investment planning process for the countries. The GEF has held two meetings to date (in April and September 2021). Two more rounds of meetings are planned before the GEF Council meeting and the GEF Assembly in May 2022, when the eighth replenishment of the GEF Trust Fund will be agreed and endorsed.
9. With regard to Decision 18.9, the Secretariat has received funds from the European Union for the convening of a wildlife roundtable with a particular focus on sustainable use. The meeting has unfortunately not been convened due to global sanitary measures in the wake of the COVID-19 pandemic. The Secretariat however plans to convene some form of a dialogue meeting in due course.

Recommendations

10. In light of the above-mentioned developments, the Secretariat invites the Standing Committee to:
  - a) take note of the present document and the progress made in implementation of Decisions 18.4 and 18.5; and
  - b) review the draft decisions contained in the Annex to this document and recommend them for adoption by the Conference of the Parties at its nineteenth meeting.
