CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES
OF WILD FAUNA AND FLORA

Seventy-fourth meeting of the Standing Committee
Lyon (France), 7 - 11 March 2022

COVID-19 Preventative Measures

1. This guidance document has been prepared by France and the CITES Secretariat.

2. General information on recommendations to minimize the health risks related the COVID-19 pandemic during the 74th meeting of the Standing Committee in Lyon, France are provided in this document. The requirements will be applicable in the meeting venue (Hippodrome du Carré de Soie) and build on guidance from previous UN meetings hosted by France and informed by the host country’s requirements.

Access to the meeting venue

3. As determined in the Host Country Agreement between the CITES Secretariat and the Government of France, access to the meeting venue is subject to UN authorization and control.

4. Registered participants that meet the requirements to enter France will be allowed to enter the meeting venue to attend and participate in the 74th meeting of the Standing Committee, irrespective of whether they meet the requirements for a vaccine pass, but daily antigen testing will be required for participants that do not meet the vaccine pass requirements. Based on the daily antigen testing, a sanitary pass will be issued to participants that do not meet the vaccine pass requirements. Details relating to vaccine pass and sanitary pass requirements are contained in the Notification to the Parties No. 2022/011 issued on 11 February 2022 and on the CITES website.

5. Participants will be requested to show their registration badge and vaccination/sanitary pass to conference staff or security before entering the venue. Participants that are not able to provide their registration pass or vaccine/ sanitary pass will not be allowed to enter the meeting venue.

6. Participants must wear their registration badge at all times while in the meeting venue in a manner that is visible to other participants, security and conference staff.

7. Participants must show their vaccine pass or sanitary pass to security or conference staff, if requested to do so.

Guidance to minimize health risks in the meeting venue

8. Considering the current COVID-19 situation, all participants are requested to strictly adhere to the following guidance made to minimize health risks in the meeting venue (Hippodrome du Carré de Soie):

   – A well-fitting face mask that fully covers your mouth AND nose must be worn at all times, except when eating or drinking.

   – Instructions and signposting on the use of elevators, distancing, one-way entrance or exit in meeting rooms must be followed.

   – Overcrowding in any meeting room or other areas in the conference facilities should be avoided and a **maximum of 250 participants will be allowed in the plenary section of the meeting venue**. Party observers will be allocated two seats in plenary while other observer organizations will be allocated one seat. The rest of the observers must make use of the listening areas.
- Unnecessary movement between desks and designated chairs during the meeting should be avoided.

- Hydroalcoholic gel, which will be available throughout the premises, should be used regularly.

- Any participant or organizer developing COVID-19 symptoms of any kind must immediately alert the Medical Service (Julien Venditti: +336 27 47 01 58) and should not attend any session, until they present a recent negative test result to the Medical Services.

- Medical Service will provide further advice relating to isolation measures.

- Any further rules relating to COVID-19 issued by the host country France must be observed.

9. Subject to the provision of additional in-kind or financial resources by France, the following additional measures are being considered:

a) The testing of sponsored participants and Standing Committee members who do not qualify for the vaccine pass, by Medical Services at the meeting venue.

b) The testing of participants other than those referred to in paragraph 9 (a) by the Medical Services (depending on the number of participants that has to do daily testing). Costs associated with antigen tests will remain the responsibility of the participant (cost at venue € 42). If testing cannot be facilitated at the meeting venue, participants should visit a testing facility (estimated cost varies between € 20 and € 50). Details relating to testing facilities are contained in the Annex to this document.
