

AMENDMENTS TO APPENDICES I AND II OF THE CONVENTION
adopted by the Conference of the Parties to the Convention
during its first meeting
Berne (Switzerland) 2 to 6 November 1976

Interpretation:

- a) The abbreviation "spp." is used to denote all species of a higher taxon.
- b) An asterisk (*) placed against the name of a species or higher taxon indicates that one or more geographically separated populations, sub-species or species of that taxon are included in Appendix I and that these populations, sub-species or species are excluded from Appendix II.
- c) Two asterisks (**) placed against the name of a species or higher taxon indicate that one or more geographically separated populations, sub-species or species of that taxon are included in Appendix II and that these populations, sub-species or species are excluded from Appendix I.
- d) The symbol (-) followed by a number placed against the name of a species or higher taxon indicates the exclusion from that species or taxon of designated geographically separated populations or species as follows:
 - 101 Lemur catta
 - 102 Australian population
- e) The symbol (+) followed by a number placed against the name of a species or higher taxon denotes that only designated geographically separated populations or species of that species or taxon are included in the appendices as follows:
 - +201 Population of South America
 - +202* (A) Stock in North Atlantic off Iceland
 - (B) Stock in North Atlantic off Newfoundland
 - (C) Stock in area from 40 degrees south latitude to Antarctic Continent, from 120 degrees west longitude to 60 degrees west longitude.
 - +203* (A) North Pacific stock
 - (B) Stock in area from 0 degree longitude to 70 degrees east longitude, from the Equator to the Antarctic Continent
- f) The symbol (> 3) placed against the name of a species or higher taxon designates tree trunks and excludes any other parts or derivatives.

*Interpretations of +202 and +203 are reversed compared to the original proposal. The accurate interpretations are mentioned at the beginning of Appendices I and II, page 519. (Note from the Secretariat).

1. The following species and other taxa were added to Appendix I or II:

	<u>Appendix I</u>	<u>Appendix II</u>
	<u>FAUNA</u>	
	<u>MAMMALIA</u>	
MONOTREMATA		
Tachyglossidae		<u>Zaglossus</u> spp.
PRIMATES		PRIMATES spp. *
Lemuridae	<u>Lemur</u> spp.	
Callithricidae	<u>Callithrix aurita</u> <u>Callithrix flaviceps</u> <u>Cebuella pygmaea</u> <u>Saguinus bicolor</u> <u>Saguinus leucopus</u> <u>Saguinus oedipus</u>	
Cercopithecidae	<u>Presbytis potenzi</u>	
Pongidae	Pongidae spp.	
RODENTIA		
Chinchillidae	<u>Chinchilla</u> spp. +201	
CETACEA		
Balaenopteridae	<u>Balaenoptera borealis</u> +202 <u>Balaenoptera physalus</u> **	<u>Balaenoptera borealis</u> * <u>Balaenoptera physalus</u> +203
CARNIVORA		
Canidae	<u>Speothos venaticus</u>	<u>Canis lupus</u> <u>Vulpes cana</u>
Ursidae	<u>Selenarctos thibetanus</u> <u>gedrosianus</u> <u>Tremarctos ornatus</u>	
Mustelidae	<u>Lutra lutra</u>	Lutrinae spp. *
Viverridae		<u>Cryptoprocta ferox</u> <u>Eupleres goudotii</u> <u>Eupleres major</u> <u>Fossa fossa</u> <u>Hemigalus derbyanus</u>
Felidae		Felidae spp. *

Appendix I

PINNIPEDIA

Otariidae

PROBOSCIDEA

Elephantidae

PERISSODACTYLA

Rhinocerotidae

Rhinocerotidae spp.

ARTIODACTYLA

Cervidae

Dama mesopotamica

AVES

FALCONIFORMES

Accipitridae

Accipiter gentilis
Accipiter gundlachi
Accipiter nisus
Aegyptius monachus
Aquila spp. *

Aquila heliaca
Chondrohierax wilsonii

Circaetus spp.
Circus spp.
Gypaetus barbatus
Gyps fulvus
Haliaeetus spp. *

Haliaeetus albicilla
Haliaeetus leucocephalus

Harpyopsis novaeguineae
Milvus milvus

Pandionidae

Pandion haliaetus

Falconidae

Falco araea
Falco newtoni aldabranus
Falco peregrinus
(pelegrinoides/babylonicus)
Falco punctatus

GALLIFORMES

Tetraonidae

Lyrurus mlokosiewiczi

Phasianidae

Pavo muticus

PSITTACIFORMES

Psittacidae

Cacatua (Kakatoe)
tenuirostris
Calyptorhynchus lathami
Opsittia diophtalma coxeni

Pezoporus wallicus

Polytelis alexandrae
Psephotus (Northiella)
haematogaster narethae

2. The following species and sub-species were transferred from Appendix II to Appendix I:

Appendix I

FAUNA
=====

MAMMALIA

CARNIVORA

Felidae

Panthera leo persica

Appendix I

REPTILIA

TESTUDINATA

Cheloniidae

Caretta caretta

Chelonia mydas -102

Lepidochelys olivacea

Dermochelyidae

Dermochelys coriacea

3. The following species were transferred from Appendix I to Appendix II:

Appendix II

FAUNA

=====

MAMMALIA

MARSUPIALIA

Macropodidae

Macropus parma

Phalangeridae

Wyulda squamicaudata

Burramyidae

Burramys parvus

Dasyuridae

Antechinomys laniger

Planigale tenuirostris

AVES

PSITTACIFORMES

Psittacidae

Neophema splendida

4. The following species and sub-species were deleted from Appendices I and II:

Appendix I

Appendix II

FAUNA

=====

MAMMALIA

MARSUPIALIA

Dasyuridae

Planigale subtilissima

RODENTIA

Castoridae

Castor canadensis frondator

Castor canadensis mexicanus

Castor canadensis repentinus

Cricetidae

Cyathea (Hemitelia) capensi
Cyathea mexicana

CYCADACEAE

Encephalartos spp.
Stangeria eriopus

6. In accordance with the provisions of paragraph 1 (c) of Article XV of the Convention, the above-mentioned amendments shall enter into force 90 days after their adoption by the first meeting of the Conference of the Parties, i.e. on 4 February 1977 for all Parties except for those which make a reservation before that date.
7. As a consequence of adoption of these amendments, a new edition of Appendix I and II of the Convention was made by the Secretariat. This edition is reproduced on pages 519 to 548 of the present proceedings.
8. During its first meeting, the Conference of the Parties to the Convention decided that no species can be included in more than one appendix (see Conference paper Conf. 1.3). As some species subject to an amendment are listed in Appendix III of the Convention, this appendix will also undergo changes valid as of 4 February 1977. A new edition of Appendix III was made by the Secretariat. It is reproduced on pages 549 to 554 of the present proceedings.
