- B. In accordance with Resolution Conf. 2.17 adopted by the Conference of the Parties at its second meeting (San José, 1979), most of the above-mentioned proposals for amendment were accompanied by supporting statements presented in the agreed format. Taking into account the volume of the documentation received and in order to avoid too long delays for communicating the proposals for amendment, supporting statements will be transmitted in

their original form to the Management Authorities of the Parties. Final documents translated into the working languages for the meeting of the Conference of the Parties will be communicated at a later stage.

- C. In accordance with the provisions of paragraphs 1(a), 2(b) and 2(c) of Article XV of the Convention, the above proposals are communicated to the Parties for comments. Since the responses have to be communicated to all Parties not later than 30 days before the meeting of the Conference, the Secretariat would appreciate receiving Parties' responses, if any, as soon as possible and not later than 10 July 1989.
- D. The present Notification is being sent for information to the signatory states which are not Party to the Convention. They will also receive the results of the consideration which will take place during the seventh meeting of the Conference of the Parties.
- E. The Secretariat would appreciate the contents of the present Notification being transmitted to the competent national authorities.
