

APPLICATION FOR CITES REGISTRATION OF A CAPTIVE BREEDING OPERATION

CITES Form A1-1 (2005/11 /15)

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES OF WILD FAUNA AND FLORA

Registration is for captive breeding operations producing animals listed in Appendix I of CITES for commercial purposes.

Note that international trade in wild specimens of Appendix I species for commercial purposes is prohibited. However, under certain conditions, specimens produced by captive breeding operations registered by CITES can be traded for commercial purposes.

Applications for registration of a captive breeding operation will be approved only if sufficient details are provided.

Additional information can be obtained from:

- our website www.cites.ec.gc.ca
- our toll-free number 1-800-668-6767.
- our email address : cites@ec.gc.ca

Important Notes :

- **All the appropriate sections** of this form **must be completed**. Incomplete application forms will not be accepted. Additional information or documents may be requested from the applicant to complete the evaluation of the application.
- **The applicant must sign the application form**. The applicant must be a resident of Canada.
- **There is a six (6) to eight (8) week processing period for all applications**.
- **If the application is approved**, confirmation of registration of the captive breeding operation will be sent by mail to the applicant.

1- NAME AND ADDRESS OF CAPTIVE BREEDING OPERATION

Name of owner :			
Name of manager (if different from owner):			
Name of captive breeding operation:			
Date of establishment of captive breeding operation:			
Street and number :			Post Office Box :
City :		Province/Territory:	
Country :		Postal Code :	
Home Phone :	Work Phone :	Cell Phone :	Fax :
Email address :		Website address :	

2- SPECIES BRED (APPENDIX I ONLY)

Latin Name (genus, species, and sub-species)	Common Name

7-ANNUAL PRODUCTION

Specify the annual production during the last 5 years (if possible), the current production, and the expected production for the next 3 years.

Year	Total Progeny	Number of Reproductive Females	Reason for Loss or Death

8-NEEDS

<p>Indicate the possibility of future need to increase the number of breeding stock specimens with specimens bred in captivity or from the wild.</p>	
--	--

9-TYPE OF PRODUCT EXPORTED

Indicate the numbers or the quantities exported for each

Year	Live animal	Skin	Meat	Other

10-MARKING

<p>Describe the methods used for marking (bands, tags, tattoos, etc.) used for the breeding stock, the offspring, and the specimens to be exported (skins, meat, live animals, etc.)</p>	
---	--
