Directed to trading range States and importing Parties

- 15.xx Trading range States and importing Parties, working with the Plants Committee, should:
- 1) identify the best methods for the identification of essential oil and wood;
 - 2) produce identification materials and guidance;
 - 3) develop appropriate annotations for identification methods;
 - 4) explore whether additional species need to be listed for identification and regulation of wood and oil; and
 - 5) report on progress at the 16th meeting of the Conference of the Parties and, if necessary, prepare additional proposals for that meeting.
