OF WILD FAUNA AND FLORA

Fifteenth meeting of the Conference of the Parties
Doha (Qatar), 13-25 March 2010

Committee II

Review of Resolutions

REVIEW OF RESOLUTION CONF. 12.3 (REV. COP14)
DEFINITION OF HUNTING TROPHY

This document has been prepared by the Secretariat, following discussion of document CoP15 Com. II. 5 at the 10th session of Committee II, to provide recommendations for the definition of 'hunting trophy'.

The term 'hunting trophy', as used in this Resolution, means a whole animal, or a part or derivative of an animal, specified on any accompanying CITES permit or certificate, that:

- i) is raw, processed or manufactured;
- ii) was legally obtained by the hunter through hunting for the hunter's personal use; and
- iii) is being imported, exported or re-exported by or on behalf of the hunter, as part of the transfer from its country of origin, ultimately to the hunter's State of usual residence.
