Subject: RE: CITES CoP16 – Proposals to amend CITES Appendices
From: "Flores, Alejandro (FAOAR)" <Alejandro.Flores@fao.org> – Tuesday 20.11.2012
13:51

Dear Ms Kwitsinskaia:

Thank you for the letter requesting comments to the proposed amendments to CITES. Please note that the Commission of Inland Fisheries and Aquaculture of Latin America and the Caribbean (COPESCAALC) deals only with inland species. However, it would be very important to consult with other RFMO's of the region, such as OLDEPESCA, OSPESCA, the Caribbean Regional Fisheries Mechanism, and WECAFC.

Maybe you have done so already.

Sincerely

Alejandro Flores Nava
