UPDATED EU PROPOSAL ON “INTRODUCTION FROM THE SEA”
DOCUMENT COP16 DOC.32 (REV.1)

This document has been submitted by Ireland, on behalf of the EU and its Member States and Croatia, in relation to agenda item 32 on Introduction from the sea.

The EU and its Member States presented a proposal on this item, which is reflected in the information document CoP16 Inf. 31.

Further to this, the EU and its Member States received comments on this proposal by a number of Parties. Consequently, the EU and its Member States decided to update this proposal through the introduction of a limited number of changes.

The EU and its Member States support the proposed text of CITES Resolution Conf.14.6 as drafted by the working group unchanged and without brackets. We also support that the draft Decisions ancillary to the draft Resolution are reinforced.

To this end, we would suggest some additions to the Decisions contained in Annex 3 of CoP 16 Doc. 32, as follows (the new text is in italics):

'Decision 16. AA directed to the Secretariat:

   In that regard, the report should pay special attention to the implementation of the provisions of the Resolution pertaining to the legality of the acquisition and landing of the specimens concerned.

   The report shall also include any cases where Parties have been unable to take advantage of this provision, including in situations where at least one of the States involved is not Party to a relevant RFMO.

2. Between now and CoP 17, the Secretariat shall further communicate with the Secretariat of the relevant RFMO/A and other relevant international organisations, in particular regarding the
