

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES
OF WILD FAUNA AND FLORA

Seventeenth meeting of the Conference of the Parties
Johannesburg (South Africa), 24 September -5 October 2016

Committee II

INTERNATIONAL TRADE IN LIVE APPENDIX-II ANIMALS TO APPROPRIATE AND ACCEPTABLE
DESTINATIONS

This document has been prepared by the Secretariat on the basis of documents CoP17 Doc.40 and CoP17 Doc.57.4, after discussion and agreement at the thirteenth session of Committee I (see document CoP17 Com. II Rec. 13).

DRAFT REVISIONS TO RESOLUTION CONF. 11.20
DEFINITION OF THE TERM 'APPROPRIATE AND ACCEPTABLE DESTINATIONS'

RECALLING that, at the ninth meeting of the Conference of the Parties (Fort Lauderdale, 1994) and the thirteenth meeting of the Conference of the Parties (Bangkok, 2004), the South African and Swaziland populations of southern white rhinoceros (*Ceratotherium simum simum*) were transferred to Appendix II of the Convention subject to an annotation stating, in part, "For the exclusive purpose of allowing international trade in live animals to appropriate and acceptable destinations and hunting trophies";

RECALLING ALSO that, at the tenth meeting of the Conference of the Parties (Harare, 1997), the African elephant (*Loxodonta africana*) populations of Botswana, Namibia and Zimbabwe were transferred to Appendix II of the Convention subject to an annotation stating, in part, "For the exclusive purpose of allowing export of live animals to appropriate and acceptable destinations";

RECALLING FURTHER that, at the eleventh meeting of the Conference of the Parties (Gigiri, 2000), the African elephant population of South Africa was transferred to Appendix II of the Convention subject to an annotation stating, in part, "For the exclusive purpose of allowing trade in live animals for re-introduction purposes into protected areas formally proclaimed in terms of legislation of the importing country";

NOTING that the current annotation to the listing of the Appendix-II populations of African elephant, adopted at the fourteenth meeting of the Conference of the Parties (The Hague, 2007) states, in part, "For the exclusive purpose of allowing trade in live animals to appropriate and acceptable destinations, as defined in Resolution Conf. 11.20, for Botswana and Zimbabwe and for *in situ* conservation programmes for Namibia and South Africa";

NOTING FURTHER that the term 'appropriate and acceptable destinations' is yet to be fully defined;

RECOGNIZING that there are annotations currently existing that refer to live animals, and that similar annotations may be adopted in future;

NOTING FURTHER that 'appropriate and acceptable destinations' for live animals should be those that ensure that the animals are humanely treated;

RECALLING FURTHER that Resolution Conf. 16.6 on *CITES and livelihoods* recognizes that *ex situ* production of live animals may lead to loss of revenues for rural communities and that positive incentives to promote *in situ* production systems may encourage benefits to these communities;

RECALLING FURTHER that Resolution Conf. 13.9 on *Encouraging cooperation between Parties with ex situ breeding operations and those with in situ conservation programmes* encourages cooperation between Parties with *ex-situ* breeding operations and those with *in-situ* conservation programs;

NOTING that trade in the offspring of the animals exported under an 'appropriate and acceptable destination' annotation will be subject to Article III of the Convention, except if the importing country's population is also listed in Appendix II; and

CONCERNED that trade in live rhinoceroses or elephants under an 'appropriate and acceptable' annotation should not undermine the conservation of the species within its range and efforts to combat trafficking;

THE CONFERENCE OF THE PARTIES TO THE CONVENTION

AGREES that, where the term 'appropriate and acceptable destinations' appears in an annotation to the listing of a species in Appendix II of the Convention with reference to the trade in live animals, this term shall be defined to mean destinations where:

- a) the Scientific Authority of the State of import is satisfied that the proposed recipient of a living specimen is suitably equipped to house and care for it; and
- b) the Scientific Authorities of the State of import and the State of export are satisfied that the trade would promote *in situ* conservation;

ENCOURAGES that any permit authorizing trade of live rhinoceroses or elephants under an 'appropriate and acceptable destinations' annotation contain a condition stating that the rhinoceros horn or elephant ivory from those animals and from their progeny may not enter commercial trade and be sport hunted outside of their historic range; and

RECOMMENDS that all Parties have in place legislative, regulatory, enforcement, or other measures to prevent illegal and detrimental trade in live elephants and rhinoceroses and to minimize the risk of injury, damage to health or cruel treatment of live elephants and rhinoceroses in trade.

DRAFT DECISIONS

Directed to the Secretariat

- 17.AA The Secretariat shall, subject to available resources, report to the 29th meeting of the Animals Committee and the 69th meeting of the Standing Committee on the history and implementation of Resolution Conf. 11.20 on *Definition of the term 'appropriate and acceptable destinations'*, and Article III, paragraphs 3(b) and 5(b), regarding findings that recipients of living specimens of CITES Appendix-I species are suitably equipped to house and care for them.

Directed to the Animals Committee

- 17.BB The Animals Committee shall, at its 29th meeting:
- a) Consider the report of the Secretariat regarding Resolution Conf. 11.20 on *Definition of the term 'appropriate and acceptable destinations'*, and make recommendations and develop guidance, as appropriate, for consideration of the Standing Committee and the 18th meeting of the Conference of the Parties;
 - b) Consider the report of the Secretariat regarding implementation of the requirements in Article III, paragraphs 3(b) and 5(b), regarding findings that recipients of living specimens of CITES Appendix-I species are suitably equipped to house and care for them, and make recommendations and prepare guidance, as appropriate, for consideration of the Standing Committee and the 18th meeting of the Conference of the Parties.

Directed to the Standing Committee

- 17.CC At its 69th meeting, the Standing Committee shall:
- a) Consider the report of the Secretariat, including any information from the Animals Committee, regarding Resolution Conf. 11.20 on *Definition of the term 'appropriate and acceptable destinations'*, and make recommendations and develop guidance, as appropriate, for consideration at the 18th meeting of the Conference of the Parties;
 - b) Consider the report of the Secretariat, including any information from the Animals Committee, regarding implementation of the requirements in Article III, paragraphs 3(b) and 5(b), regarding findings that recipients of living specimens of CITES Appendix-I species are suitably equipped to house and care for them and make recommendations and develop guidance, as appropriate, for consideration at the 18th meeting of the Conference of the Parties.
