

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES
OF WILD FAUNA AND FLORA

Seventeenth meeting of the Conference of the Parties
Johannesburg (South Africa), 24 September – 5 October 2016

Committee II

Tibetan antelope (*Pantholops hodgsonii*)

Enforcement measures

DRAFT DECISIONS ON TIBETAN ANTELOPE (*PANTHOLOPS HODGSONII*):
ENFORCEMENT MEASURES

This document has been prepared by the Secretariat, on the basis of document CoP17 Doc. 66, after discussion and agreement at the tenth session of Committee II (see document CoP17 Com. II Rec. 10).

Directed to Parties concerned by the illegal trade in specimens of Tibetan antelope

- 17.AA All Parties concerned by the illegal trade in specimens of Tibetan antelope are encouraged to draw upon the offer of support from the CITES Management Authority of Switzerland, in particular with regard to identification methods and exchange of information and knowledge about this topic.

Directed to the Standing Committee

- 17.BB The Standing Committee shall review the results and outcomes of the workshop conducted by INTERPOL and Switzerland in July 2016 and make recommendations to the countries concerned by this trade based on that information.
