#### Interpretation and implementation matters

## Regulation of trade

44. Definition of the term 'appropriate and acceptable destinations'

44.2 International trade in live African elephants: Proposed revision of Resolution Conf. 11.20 (Rev. CoP17) on Definition of the term 'appropriate and acceptable destinations'

Zimbabwe stated that it did not wish for the agenda of the plenary session to move forward before the dispute it had raised in the previous session had been dealt with and reiterated that it did not believe that a Resolution should be used to amend an annotation to a species listing in the Appendices. The European Union reiterated that it believed that the amendments it had suggested to Resolution Conf. 11.20 (Rev. CoP17) on *Definition of the term 'appropriate and acceptable destinations'* detailed in summary record CoP18 Plen. Rec. 2 would provide a transparent way forward until the process described in document CoP18 Doc. 44.1 had been concluded and the issue was revisited at the next meeting of the Conference of the Parties. The European Union requested to proceed to a vote on its suggested amendments to the proposed revision of Resolution Conf. 11.20 (Rev. CoP17) in Annex 1 to document CoP18 Doc. 44.2, as detailed in summary record CoP18 Plen. Rec. 2.

Niger supported the request of the European Union to proceed to a vote and reminded Parties that the Rule 23 of the Rules of Procedure stated that "Whenever the Conference does not reach a consensus on the adoption or rejection of a draft resolution, draft decision or other document, the Presiding Officer

shall propose its adoption be put to a vote". It raised concerns that, if accepted, the dispute raised by Zimbabwe would set a precedent that would allow Parties to block votes at any time.

The Secretary General reiterated the Secretariat's clarification that the mechanism for declaring a dispute was intended to address issues between two or more Parties with respect to the interpretation or application of the provisions of the present Convention, and that the relevant Parties may only proceed with the dispute once discussions had been concluded on this agenda item.

The Chair invited the Parties to vote on the proposed revision of Resolution Conf. 11.20 (Rev. CoP17) in Annex 1 to document CoP18 Doc. 44.2 as amended by the European Union. With a vote of 87 Parties in favour, 29 opposed, and 25 abstentions, the proposed revision of Resolution Conf. 11.20 (Rev. CoP17) in Annex 1 to document CoP18 Doc. 44.2 as amended by the European Union was adopted.

Two draft decisions relating to these species contained in summary record CoP18 Com. I Rec. 15, which had been accepted by Committee I, were <u>adopted</u>. Amended proposal CoP18 Prop. 26 to include *Lyriocephalus scutatus* in Appendix II with the annotation: "zero quota for wild specimens for commercial purposes" was <u>adopted</u>. The two draft decisions relating to this species in summary record CoP18 Com. I Rec. 15, which had been accepted by Committee I, were <u>adopted</u>. Proposal CoP18 Prop. 27 was amended to read "*Goniurosaurus* spp. (except the species native to Japan)" and was <u>adopted</u>.

Having been accepted by consensus in Committee I, the following proposals were <u>adopted</u>: CoP18 Prop. 3, Prop. 4, Prop. 14, Prop. 15, Prop. 16, Prop. 17, Prop. 18, Prop. 19, Prop. 20, Prop. 21, Prop. 25, Prop. 29, Prop. 30, Prop. 31, Prop. 32, Prop. 33, Prop. 34, Prop. 35 and Prop. 36. The Chair of Committee I reported that proposals CoP18 Prop. 5, Prop. 7, Prop. 28 and Prop. 37 had been accepted by the Committee following votes. Proposals CoP18 Prop. 5, Prop. 5, Prop. 7, Prop. 28 and Prop. 37 were adopted.

As part of the consideration of proposal CoP18 Prop. 31, it was <u>agreed</u> to include Iverson *et al.*, 2016, in Resolution Conf. 12.11 (Rev. CoP17) on *Standard nomenclature* as a standard nomenclature reference for *Ctenosaura* spp.

Proposal CoP18 Prop. 6 had been accepted following a vote and was <u>adopted</u>. Indonesia asked that the Secretariat and Parties note that it would need 18 months to implement the decisions made on proposals CoP18 Prop. 6, Prop.7 and Prop. 28 due the time and resources required by national processes.

The Chair of Committee I noted that proposals CoP18 Prop. 8 and Prop. 9 had been rejected by a secret ballot. Proposals CoP18 Prop. 10 and Prop. 11 were also rejected by a secret ballot after having been amended. Proposal CoP18 Prop. 12 had been rejected by Committee I after a vote. Proposals CoP18 Prop. 9, Prop. 10, Prop. 11 and Prop. 12 were rejected.

The Chair of Committee I reported that proposal CoP18 Prop. 38 to include glass frogs of the genera *Hyalinobatrachium*, *Centrolene*, *Cochranella*, and *Sachatamia* in Appendix II had been rejected after a vote. Costa Rica, supported by Honduras, asked to open debate on this issue, in order to give more range States the opportunity to comment on the proposal. Guyana, supported by the European Union, opposed this motion. Following a vote with 68 in favour, 61 against and 14 abstentions, the motion received the required support to reopen debate of the proposal.

Peru, also on behalf of the following Parties: Antigua and Barbuda, Argentina, Bahamas, Belize, the Plurinational State of Bolivia, Brazil, Chile, Cuba, Ecuador, Guatemala, Jamaica, Nicaragua, Paraguay, the Dominican Republic, Saint Kitts and Nevis, Saint Lucia, Saint Vincent and the Grenadines and Uruguay, supported the proposal, highlighting the difficulty in differentiating amongst species of glass frog, and arguing that the international pet trade was putting pressure on wild populations in the majority of the range States. Mali, echoed by India, Kenya, Mongolia, Niger and Qatar, also expressed their support for the proposal, noting that threats to the four genera included habitat destruction and international trade. Defenders of Wildlife, also speaking on behalf of Animal Welfare Institute, Eurogroup for Animals, Humane Society International (HSI), International Fund for Animal Welfare (IFAW), ProWildlife, World Animal Protection and Species Survival Network, supported the proposal.

Guyana argued that certain species included in the proposal did not meet criteria for listing on Appendix II as they were not subject to international trade. It noted that alongside Suriname, it had not been consulted for the proposal, despite both being range States. Guyana suggested that action at the national level by range States would be more appropriate and requested that these countries focus on filling knowledge gaps for the four genera. The European Union opposed the proposal on the basis that enforcement issues would arise from challenges in distinguishing between protected and non-protected species and referred to the instability of the group's taxonomy. Guyana and the European Union believed that adopting this proposal was premature but were committed to working with other range States to improve the proposal for consideration at the 19th meeting of the Conference of the Parties.

With a vote of 83 votes in favour, 46 against and 11 abstentions, proposal CoP18 Prop. 38 was rejected.

The meeting adjourned at 16h50.
