Instructions and explanations

(These correspond to the block numbers on the form)

1. A unique number should be generated by the issuing Management Authority for the certificate.
2. The date of expiry of the document may not be more than three years after the date of issuance.
3. Complete the full name, permanent address and country of the owner of the specimen covered by the certificate. Absence of the signature of the owner renders the certificate invalid.
4. The name, address and country of the issuing Management Authority should already be pre-printed on the form.
5. This block has been pre-printed to indicate the validity of the certificate for multiple cross-border movements of the specimen/s with its/their exhibition for exhibition purposes only and to clarify that the certificate is not to be collected but is to remain with the specimen/owner. This block also can be used to justify the omission of certain information.
6. This block has been pre-printed to indicate that cross-border movement is permitted to any country accepting this certificate as a matter of national law.
7. This block has been pre-printed with the code Q for circuses and travelling exhibitions.
8. Indicate the number of the security stamp affixed in block 17.
9. Indicate the scientific name (genus and species, where appropriate subspecies) of the species as it appears in the Convention Appendices or the reference lists approved by the Conference of the Parties, and the common name as known in the country issuing the certificate.
10. Describe, as precisely as possible, the specimen/s covered by the certificate, including identifying marks (tags, rings, unique markings, etc.) sufficient to permit the authorities of the Party into which the exhibition enters to verify that the certificate corresponds to the specimen/s covered. The sex and age, at the time of the issuance of the certificate, should be recorded, where possible.
11. Indicate the total number of specimens. In the case of live animals it should normally be one. If more than one specimen, state "see attached inventory".
12. Enter the number of the Appendix of the Convention (I, II, or III) in which the species is listed. Use the codes below to indicate the source. This certificate may not be used for specimens with source code **W**, **R**, **F** or **U** unless they are pre-Convention specimens and the code **O** is also used.
 - W** Specimens taken from the wild
 - X** Specimens taken in "the marine environment not under the jurisdiction of any State".
 - R** Ratched specimens: specimens of animals reared in a controlled environment, taken as eggs or juveniles from the wild, where they would otherwise have had a very low probability of surviving to adulthood.
 - A** Plants that are artificially propagated in accordance with Resolution Conf. 11.11 (Rev. CoP15), as well as parts and derivatives thereof, exported under the provisions of Article VII, paragraph 5, of the Convention (specimens of species included in Appendix I that have been propagated artificially for non-commercial purposes and specimens of species included in Appendices II and III)
 - C** Animals bred in captivity in accordance with Resolution Conf. 10.16 (Rev.) and exported under the provisions of Article VII, paragraph 5
 - F** Animals born in captivity (F1 or subsequent generations) that do not fulfil the definition of "bred in captivity" in Resolution Conf. 10.16 (Rev.), as well as parts and derivatives thereof
 - U** Source unknown (must be justified)
 - O** Pre-Convention specimens (may be used in conjunction with other source codes).
13. The country of origin is the country in which the specimens were taken from the wild or bred in captivity.
14. Indicate the number of the export permit of the country of origin and the date of issuance. If all or part of that information is not known, this should be justified in block 18.
15. This block must contain the exhibition registration number.
16. Enter the date of acquisition only for pre-Convention specimens.
17. To be completed by the official who issues the certificate. A certificate may only be issued by the Management Authority of the country where an exhibition is based and only when the owner of the exhibition has registered full details of the specimen with that Management Authority. The name of the issuing official must be written in full. The security stamp must be affixed in this block and must be cancelled by the signature of the issuing official and a stamp or seal. The seal, signature and security stamp number should be clearly legible.
18. This block may be used to refer to national legislation or additional special conditions placed on the cross-border movement by the issuing Management Authority.
19. This block has been pre-printed to refer to the attached Continuation Sheet, which should indicate all cross-border movements.

SUBJECT TO 5 ABOVE, UPON EXPIRATION, THIS DOCUMENT MUST BE RETURNED TO THE ISSUING MANAGEMENT AUTHORITY.
