REPORTING REQUIREMENTS AND SUBMISSION OF INFORMATION

In accordance with paragraph 4 d) of Resolution Conf. 4.6 (Rev. CoP18) on Submission of draft resolutions, draft decisions and other documents for meetings of the Conference of the Parties, the Secretariat has prepared a list of reporting requirements. In the absence of a definition of "reporting requirements", the Secretariat has included all references in the Convention, Resolutions and Decisions that request Parties to send reports or information to the Secretariat or other Parties. The list is divided in three categories: 1) reporting requirements and request for information that can be found in the Convention; 2) reporting requirements and request for information that can be found in Decision.

Short title	Source	Reference	Directed to	Send to	Used by	Text of requirement	Deadline	Reporting format	Consequence of not fulfilling requirement
Annual report	Convention	Article VIII paragraph 7 Res. Conf. 11.17 (Rev. CoP18) Res. Conf. 12.6 (Rev. CoP18), para. 8 Res. Conf. 18.6	All Parties	Secretariat		Para. 1 of Res Conf 11.17 (Rev CoP18): URGES all Parties to submit their annual reports required under the provisions of Article VIII, paragraph 7 (a), by 31 October following the year for which they are due and in accordance with the most recent version of the Guidelines for the preparation and submission of CITES annual reports distributed by the Secretariat, as may be amended with the concurrence of the Standing Committee;	31 October of following year (31/10/202 0 for 2019)	Notification 2019/072	Para. 15 of Res. Conf. 11.17 (Rev. CoP17): Trade suspension imposed for those Parties not complying with reporting requirement for 3 consecutive years.
Implementation report	Convention	Article VIII paragraph 7 Res. Conf. 11.17 (Rev. CoP18) Res. Conf. 17.6 Res. Conf. 18.6 Decision 18.39 c)	All Parties	Secretariat		Para. 2 of Res Conf 11.17 (Rev CoP18): URGES all Parties to submit their reports required under the provisions of Article VIII, paragraph 7 (b), one year before each meeting of the Conference of the Parties, beginning with the 17th meeting of the Conference of the Parties and in accordance with the report format distributed by the Secretariat, as may be amended by the Secretariat from time to time with the concurrence of the Standing Committee;	31 October 2021 for 2018-2020	Notification 2016/006	Para. 15 of Res. Conf. 14.3 (Rev. CoP18): Biennual reports are among the means of monitoring compliance with the Convention. No compliance measures have been taken to date related to lack of compliance with the reporting requirement
Follow-up to reports	Convention	Article XII paragraph 2 d)	All Parties	Secretariat		Article XII para. 2 d): The functions of the Secretariat shall be: d) to study the reports of Parties and to request from Parties such further information with respect thereto as it deems necessary to ensure implementation of the present Convention;	Ongoing	-	Res. Conf. 14.3 (Rev. CoP18)
Reservations	Convention	Article XV paragraph 3 Article XVI paragraph 2 Article XXIII Res. Conf. 9.25 (Rev. CoP17)	All Parties	Depositary Government (Switzerland)		Article XV.3: During the period of 90 days provided for by sub- paragraph (c) of paragraph 1 or sub-paragraph (l) of paragraph 2 of this Article any Party may by notification in writing to the Depositary Government make a reservation with respect to the amendment. Until such reservation is withdrawn the Party shall be treated as a State not a Party to the present Convention with respect to trade in the species concerned.	90 days after CoP	-	Reservations not accepted for deposit.
Compliance	Convention	Article XIII Res. Conf. 14.3 (Rev. CoP18) Res. Conf. 11.3 (Rev. CoP18) Res. Conf. 18.6	All Parties	Secretariat	Standing Committee	Para. 5 a) of Res. Conf. 11.3 (Rev. CoP18): RECOMMENDS that: a) when, in application of Article XIII of the Convention and Resolution Conf. 14.3 on CITES compliance procedures, the Secretariat requests information on a potential compliance matter, Parties reply within one month or, if this is impossible, acknowledge within the month and indicate a date, even an approximate one, by which they consider it will be possible to provide the information requested;	Ongoing	-	Compliance measures to be adopted by the Standing Committee, including possible trade suspension
Management and scientific authorities	Convention	Article IX Res. Conf. 8.4 (Rev. CoP15) Res. Conf. 10.3 Res. Conf. 18.6	All Parties	Depositary Government (Switzerland) & The Secretariat		Article IX paragraph 2: A State depositing an instrument of ratification, acceptance, approval or accession shall at that time inform the Depositary Government of the name and address of the Management Authority authorized to communicate with other Parties and with the Secretariat. Article IX paragraph 3: Any changes in the designations or authorizations under the provisions of this Article shall be communicated by the Party concerned to the Secretariat for transmission to all other Parties.	When joining and when MA and SA change	-	None.

Registered	Convention	Article VII	All Parties	Secretariat	Para. 3 g) ii) of Resolution Conf. 11.15: RECOMMENDS that: 1 March	Ν
scientific		paragraph 6			g) Parties implement the exemption for scientific exchange in Article 2020	2
institutions		Res. Conf. 11.15			VII, paragraph 6, as follows:	r
		(Rev. CoP18)			ii) each Management Authority should communicate to the	S
		Res. Conf. 18.6			Secretariat as soon as practicable the names and addresses and the	ir
					type of research they can provide, of those scientific institutions so	
					registered, and the Secretariat without delay then communicate this	
					information to all other Parties;	

Notification 2019/068 on registration of scientific institutions	None.

REPORTING REQUIREMENTS AND SUBMISSION OF INFORMATION THAT CAN BE FOUND IN RESOLUTIONS

Short title	Source	Reference	Directed to	Send to	Used by	Text of requirement	Deadline	Reporting format	Consequence of not fulfilling requirement
Annual illegal trade report	Resolution	Res. Conf. 11.17 (Rev. CoP18) Res. Conf. 11.3 (Rev. CoP18) Res. Conf. 13.4 (Rev. CoP18) (para. 1. d) Res. Conf. 18.6 Res. Conf. 18.8 (para. 3) Decision 18.76 Decision 18.211 e) Decision 18.249 c)	All Parties	Secretariat		Para. 3 of Res. Conf. 11.17 (Rev. CoP18): 31 URGES all Parties to submit an annual illegal trade report by 31 of October each year covering actions in the preceding year and in accordance with the report format distributed by the Secretariat, as may be amended by the Secretariat from time to time with the concurrence of the Standing Committee; (3) Para. 2: LIPGES all Parties that have not adopted appropriate And		Notification 2019/072	Not subject to compliance measures, decided by SC66
National legislation project	Resolution	Res. Conf. 8.4 (Rev. CoP15)	All Parties	Secretariat	Standing Committee	Para. 2: URGES all Parties that have not adopted appropriate measures for effective implementation of the Convention to do so and inform the Secretariat when such measures have been adopted	As soon as measures have been adopted	See NLP page	Compliance measures, including trade suspension
Ranching	Resolution	Res. Conf. 11.16 (Rev. CoP15)	All Parties with approved ranching operations (Argentina, Botswana, Cuba, Ecuador, Ethiopia, Indonesia, Kenya, Madagascar, Malawi, Mozambique, South Africa, Uganda, Zambia, Zimbabwe)	Secretariat		 Para. 5: RECOMMENDS that: a) annual reports on all relevant aspects of each approved ranching operation be submitted to the Secretariat by the Party concerned, including the following: i) the status of the wild population concerned established by monitoring at an appropriate frequency and with sufficient precision to allow recognition of changes in population size and structure owing to ranching; ii) the number of specimens (eggs, young or adults) taken annually from the wild and the percentage of this offtake used to supply ranching operations; and iii) details of the annual production levels, and product types and quantity produced for export; 	Annually/on going	See Reports page	Possibility of transfer of population concerned back to Appendix I
Personal and household effects	Resolution	Res. Conf. 13.7 (Rev. CoP18) Notification 2006/041	All Parties	Secretariat		Notification 2019/069: In Notification to the Parties No. 2005/016 of 22 March 2005 on Party-specific information, the Secretariat reminded Parties of the need to advise it whether export permits are needed for the movement of personal effects of Appendix-II species. [] The Secretariat urges Parties to provide updated information on their implementation of Article VII, paragraph 3, of the Convention and Resolution Conf. 13.7 (Rev. CoP18), particularly on their national legislation or current practice regarding the conditions under which the exemption for personal and household effects is applied	Ongoing	none	None.
Artificial agarwood production	Resolution	Res. Conf. 16.10	All Parties that export pure or mixed oil of agarwood	Secretariat	All Parties	Para. 8: RECOMMENDS exporting States to establish a registration system of exporters who export pure or mixed oil of agarwood. Samples of the labels used and lists of relevant exporters should be communicated to the Secretariat by exporting States, and then be provided to all Parties through a Notification;	Ongoing	Not specified.	None

Caviar processing / re- packaging plants	Resolution	Res. Conf 12.7 (Rev. CoP17) Res. Conf. 18.6	Range states of the species in the Order Acipenseriformes (Afghanistan, Albania, Algeria, Austria, Azerbaijan, Belgium, Bosnia and Herzegovina, Bulgaria, Canada, China, Croatia, Czech Republic, Denmark, Estonia, France, Georgia, Germany, Greece, Hungary, Iceland, Iran, Ireland, Italy, Japan, Kazakhstan, Latvia, Lithuania, Mexico, Mongolia, Montenegro, Morocco, Netherlands, North Macedonia, Norway, Poland, Portugal, Republic of Moldova, Romania, Russian Federation, Serbia, Slovakia, Slovenia, Spain, Sweden, Tajikistan, Turkey, Turkmenistan, Ukraine, United Kingdom, United States of America, Uzbekistan)	Secretariat		Para. 2 a): RECOMMENDS, with regard to regulating trade in sturgeon products, that: a) each importing, exporting and re-exporting Party establish, where consistent with national law, a registration system for facilities producing caviar, including aquaculture operations that process and package caviar and those facilities that re-package caviar in its territory and provide to the Secretariat the list of these facilities and their official registration codes and clearly state whether it is a processing or a repackaging plant. Where consistent with the national registration system, Parties should add 'P' to registration numbers for 'processing and packaging plants' and 'R' for 'repackaging plants'. Where appropriate, Parties should, on a voluntary basis, include, in their notification of caviar-processing aquaculture plants, the sturgeon or paddlefish species used in the respective processing plant. The list should be updated when changes occur and communicated to the Secretariat without delay. The Secretariat should include this information in its register on the CITES website;	Ongoing
Shared stocks of Acipenseriforme s	Resolution	Res. Conf 12.7 (Rev. CoP17)	Azerbaijan, Bulgaria, Canada, China, Islamic Republic of Iran, Kazakhstan, Romania, Russian Federation, Serbia, Turkmenistan, Ukraine, United States of America	Secretariat	Parties	 Para. 3. a) iv): RECOMMENDS further, with regard to catch and export quotas, that: a) Parties not accept the import of caviar and meat of Acipenseriformes species from stocks shared between different range States, which are listed in Annex 3 to this Resolution, unless export quotas have been set in accordance with the following procedure: [] iv) range States have provided to the Secretariat by 31 December of the previous year, the export quota referred to in subparagraph i) as well as the scientific data used to establish the catch and export quotas under subparagraphs ii) and iii); 	31 December of the previous year
Enforcement authorities	Resolution	Res. Conf. 11.3 (Rev. CoP18) Res. Conf. 18.6	All Parties	Secretariat		Para. 10 c) of Res. Conf. 11.3 (Rev. CoP18): RECOMMENDS that: c) Parties, as a matter of urgency, inform the Secretariat of contact details of their relevant national law-enforcement agencies responsible for investigating illegal trafficking in wild fauna and flora;	Ongoing
Export quotas	Resolution	Res. Conf. 14.7 (Rev. CoP15) Res. Conf. 18.6	All Parties	Secretariat		Para. 15 of the Annex to Resolution Conf. 14.7 (Rev. CoP15): In accordance with Resolution Conf. 12.3 (Rev. CoP18), Parties should inform the CITES Secretariat of their nationally established export quotas and of revisions of such quotas. Such information can be provided at any time but, as far as possible, should be communicated at least 30 days before the start of the period to which the export quota relates.	Ongoing
Lost permits	Resolution	Res. Conf. 12.3 (Rev. CoP18)	All Parties	Secretariat		Para. 3 t): RECOMMENDS that: t) when a permit or certificate has been cancelled, lost, stolen or destroyed, the issuing Management Authority immediately inform the Management Authority of the country of destination, as well as the Secretariat regarding commercial shipments;	Ongoing
Nurseries	Resolution	Res. Conf. 9.19 (Rev. CoP15) Res. Conf. 18.6	All Parties	Secretariat		Para. 1 b) of Resolution 9.19 (Rev. CoP15): RESOLVES that: b) any Management Authority that wishes to register any commercial nursery artificially propagating specimens of species included in Appendix I for export purposes shall provide to the Secretariat, for inclusion in its Register, all appropriate information to obtain and maintain the registration of each such nursery;	Ongoing

Review of significant trade	Resolution	Res. Conf. 12.8 (Rev. CoP18)	Selected Parties (see the RST webpage)	Secretariat	AC/PC/SC	Para. 1 d) i) of Resolution Conf. 12.8 (Rev. CoP18): the Secretariat shall: i) within 30 days after the meeting of the Animals or Plants Committee at which species/country combinations are selected, or within 30 days after the Committee has selected a species/country combination on an exceptional basis, notify selected range States that their species has been selected, providing an overview of the review process and an explanation for the selection. The Secretariat shall request range States to provide the scientific basis by which it is established that exports from their country are not detrimental to the survival of the species concerned and are compliant with Article IV, paragraphs 2 (a), 3 and 6 (a) of the Convention. In its letter, the Secretariat shall provide guidance to range States on how to respond, explain the consequences of not responding to the request, and inform the range States that the responses will be made available on the CITES website as part of the agenda for meetings of the Animals or Plants Committee. Range States shall be given 60 days to respond;	Range States consulted over implementa tion of Article IV given 60 days to respond. Responses to preliminary categorizati on also required within 60 days. Deadlines for implementa tion of recommend ations between 90 days and 2 years.	Guidance to range States in document CoP17 Doc. 33, Annex 4	Possibility of measures concerning trade in the affected species from that Party
Animals specimens reported as produced in captivity	Resolution	Res. Conf. 17.7 (Rev. CoP18)	Selected Parties (see the <u>CITES webpage</u>)	Secretariat	AC/PC/SC	Para. 2 f): The Secretariat shall, within 30 days after the relevant meeting of the Animals Committee, notify the country or countries concerned that species produced in captivity in their country have been selected for review, and provide them with an overview of the review process and an explanation for the selection provided by the Animals Committee. The Secretariat shall ask the country or countries to provide information, within 60 days, in response to general or specific questions, developed by the Animals Committee, to determine if the correct source codes have been used, under the applicable Resolutions, for specimens claimed to be produced in captivity; and	Selected Parties given 60 days to respond		Possibility of measures concerning trade in the affected species from that Party
Non-detriment findings	Resolution	Res. Conf. 16.7 (Rev. CoP17)	All Parties	Secretariat	Website	Para. 2 b) and c): ENCOURAGES Parties to: b) share experiences and examples of ways of making non-detriment findings, including through appropriate regional or subregional workshops, and communicate them to the Secretariat; c) request the Secretariat to make available these examples on the CITES web site;	Ongoing	Not applicable.	None
World Wildlife Day	Resolution	Res. Conf. 17.1 (Rev. CoP18)	All Parties	Secretariat		Para. 2: INVITES all Parties and non-party States, national and international organizations with an interest in wildlife conservation, to associate celebrations of World Wildlife Day to national, regional and international conservation events, where appropriate, and to communicate the planned activities to the Secretariat in advance;	Ongoing		N/A
Convicted traders	Resolution	Res. Conf. 11.3 (Rev. CoP18)	All Parties	Secretariat		Para. 10 m): RECOMMENDS that: m) Parties inform the Secretariat, when possible, about convicted illegal traders and persistent offenders;	Ongoing	-	None
Significant cases of illegal trade	Resolution	Res. Conf. 11.3 (Rev. CoP18) Notification 2009/028	All Parties	Secretariat		Para. 10 k): RECOMMENDS that: k) Parties provide to the Secretariat, as appropriate, and in a manner that would not jeopardize any ongoing investigations or expose covert investigative techniques, detailed information regarding significant cases of illegal trade;	Ongoing	Ecomessage form	None
Asian big cats	Resolution	Res. Conf. 12.5 (Rev. CoP18) Decision 18.103	All Parties, particularly Appendix-I Asian big cat range States	Parties / Secretariat		 Para. 1 e) and I): URGES: e) all range States and other relevant Parties to implement systems for the recording of information relating to illegal trade in Asian big cats and to share this information as appropriate to ensure coordinated investigations and enforcement; I) all Parties that make seizures of tiger skins within their territories, 	Ongoing	None	None.

Elephant seizures	Resolution	Res. Conf. 10.10 (Rev. CoP18)	All Parties	Secretariat	Para. 24: RECOMMENDS that Parties share with the Secretariat and source countries information on the origin or age of seized ivory specimens arising from forensic analysis of samples to facilitate investigations and prosecutions, and for analysis by MIKE and ETIS in their reporting to the Standing Committee and the Conference of the Parties;	Ongoing	Not available.	Standing Committee to review measures taken by Parties to implement these and other provisions in the resolution, and make targeted recommendations as appropriate (which may include NIAPs).
Elephants (domestic ivory markets)	Resolution	Res. Conf. 10.10 (Rev. CoP18)	All Parties and range States	Secretariat	Para. 9: REQUESTS Parties to inform the Secretariat of the status of the legality of their domestic ivory markets and efforts to implement the provisions of this Resolution, including efforts to close those markets that contribute to poaching or illegal trade;	Ongoing	<u>Not available.</u>	Standing Committee to review measures taken by Parties to implement these and other provisions in the resolution, and make targeted recommendations as appropriate (which may include NIAPs).
Cetaceans	Resolution	Res. Conf. 11.4 (Rev. CoP12) Res. Conf. 10.10 (Rev. CoP18)	All Parties All Parties and range States	Secretariat	 Para. 12: URGES every country concerned to submit to the CITES Secretariat any information relevant to its inventory of whale parts and derivatives and to examination of unknown whale products, for dissemination by the Secretariat to interested Parties upon request; Para. 7 e): FURTHER URGES those Parties in whose jurisdiction there is an ivory carving industry, a legal domestic trade in ivory, an unregulated market for or illegal trade in ivory, or where ivory stockpiles exist, and Parties designated as ivory importing countries, to ensure that they have put in place comprehensive internal legislative, regulatory, enforcement and other measures to: e) maintain an inventory of government-held stockpiles of ivory and, where possible, of significant privately held stockpiles of ivory within their territory, and inform the Secretariat of the level of this stock each year before 28 February, inter alia to be made available to the programme Monitoring the Illegal Killing of Elephants (MIKE) and the Elephant Trade Information System (ETIS) for their analyses, indicating the number of pieces and their weight per type of ivory (raw or worked); for relevant pieces, and if marked, their markings in accordance with the provisions of this Resolution; the source of the ivory; and the reasons for any significant changes in the stockpile compared to the preceding year; Para. 21 b): RECOMMENDS that: b) each export quota be communicated to the CITES Secretariat in writing by 1 December for the following calendar year (1 January to 31 December); Details of submitting information to the MIKE and ETIS programmes are provided in Annexes 1 and 2 of Res. Conf. 10.10 (Rev. CoP18) 	(i) raw ivory stocks each year before 28 February. (ii) export quota by 1 December for the next calendar year (1 January to 31 December); (iii) information on tusks exported to be provided with annual report (ID marks, etc)	- Notification 2019/079	None. If the quota is not submitted by the deadline, the State in question have a zero quota until such time as it communicates its quota in writing to the Secretariat and the Secretariat in turn notifies the Parties; Remedial action will be determined by Standing Committee and CoP.
					 when possible, to share images of the seized tiger skins with the national focal points or agencies in tiger range States, which have photographic identification databases for tigers, and the capacity to identify tigers from photographs of tiger skins, so as to identify the origin of illegal specimens. The images should be taken from above with the skin spread. In the case of whole tiger carcasses seized with the skin intact, images should be taken of both sides of the carcass; Para. 2 a): INSTRUCTS the Secretariat to: a) report to the Standing Committee and the Conference of the Parties on the status of Asian big cats in the wild, their conservation, and trade controls in place in Parties, using information provided by the range States on measures taken to comply with this Resolution and related relevant Decisions and any relevant additional information provided by relevant countries; 			

Elephants (NIAPs)	Resolution	Res. Conf. 10.10 (Rev. CoP18)	Range States identified by the MIKE and ETIS reports (see the <u>NIAP webpage</u>)	Secretariat		Para. 10: FURTHER DIRECTS the Secretariat, with reference to the findings of ETIS, MIKE and its findings on the status of domestic ivory markets, and within available resources: a) to identify those Parties that have unregulated internal markets for	Ongoing
						ivory, where ivory is found to be illegally traded, where ivory stockpiles are not well secured, or that have significant levels of illegal trade in ivory;	
						b) to seek from each Party so identified information concerning its implementation of the provisions of this Resolution relating to ivory	
						trade and, where appropriate and in consultation with the Party, undertake in situ verification missions; and	
						c) to report its findings and recommendations to the Standing	
						Committee, which may consider recommendations to support the implementation of the present Resolution, including requests to	
						identified Parties to develop and implement National Ivory Action	
						Plans, and monitor progress in executing these Action Plans, in	
						accordance with the Guidelines contained in Annex 3, as well as	
						other appropriate measures in accordance with Resolution Conf. 14.3 (Rev. CoP18) on <i>CITES compliance procedures</i> ;

REPORTING REQUIREMENTS AND SUBMISSION OF INFORMATION THAT CAN BE FOUND IN DECISIONS

Short title	Source	Reference	Directed to	Send to	Used by	Text of requirement	Deadline	Reporting format	Consequence of not fulfilling requirement
Tree species programme	Decision	18.14	All Parties	Secretariat	PC/SC	 Parties are invited to provide information to the Secretariat regarding their experiences, lessons learned and recommendations on: a) past work under the ITTO-CITES programme for implementing CITES for tropical timber species and its contribution to their implementation of the Convention; and b) work under the CITES Tree Species Programme for implementing CITES for tree species listed in Appendix II. 			
Engagement of indigenous peoples and local communities [*]	Decision	18.32	All Parties	Secretariat	SC	 The Secretariat shall: a) issue a Notification inviting Parties to provide information on their experiences and lessons learned in engaging indigenous peoples and local communities* in CITES processes; 			
Capacity- building	Decision	18.39	All Parties	Secretariat	SC	 Parties are invited to: a) provide information to the Secretariat regarding capacity-building materials and efforts that could be shared among Parties; [] e) share ideas, experiences, and information related to the development of a capacity building framework in response to the Notification to Parties issued by the Secretariat under Decision 18.46, paragraph a). 			
National laws for the implementation of the Convention	Decision	18.62	Parties with legislation in Category 2 or 3 under the NLP (see <u>https://cites.org/site</u> <u>s/default/files/projec</u> <u>ts/NLP/Legislative</u> <u>%20status%20table</u> <u>%20November%20</u> <u>2019%20for%20we</u> b.docx)	Secretariat	SC	Parties with legislation in Category 2 or 3 under the National Legislation Project (NLP) are urged to submit to the Secretariat as soon as possible, and no later than by the 74th meeting of the Standing Committee, in one of the three working languages of the Convention details of appropriate measures that have been adopted for the effective implementation of the Convention. Such Parties are also urged to keep the Secretariat informed of legislative progress at any time and are called on to provide a written update of the legislative progress to the Secretariat, at the latest, 90 days before the 73rd meeting of the Standing Committee.	90 days before SC73 (7 July 2020) 90 days before SC74		Compliance measures, including trade suspension
National laws for the implementation of the Convention	Decision	18.63	Parties with legislation in Category 1 under the NLP (see <u>https://cites.org/site</u> <u>s/default/files/projec</u> <u>ts/NLP/Legislative</u> <u>%20status%20table</u> <u>%20November%20</u> <u>2019%20for%20we</u> b.docx)	Secretariat		Parties with legislation in Category 1 under the National Legislation Project are encouraged to inform the Secretariat of any relevant legislative developments and to provide technical or financial assistance to Parties affected by Decision 18.62, either directly or through the Secretariat.	ongoing		
Compliance Assistance Programme	Decision	18.68	All Parties	Secretariat		Parties are invited to: ab) provide to the Secretariat any relevant information on bilateral or multilateral financial or technical assistance provided to Parties subjected to CITES compliance measures to ensure the effective implementation of the provisions of the Convention and the recommendations of the Standing Committee.			
Wildlife crime linked to the Internet	Decision	18.83	All Parties	Secretariat		 Parties should: a) inform the Secretariat in the event that any changes that pertain to wildlife crime linked to the Internet are made to their national legislation, as well as of any other relevant domestic measures; b) submit information to the Secretariat on websites adhering to codes of conduct to address and prevent illegal trade in wildlife; c) inform the Secretariat of any best practice models that pertain to regulation of online marketplaces and social media platforms; d) publish the results of scientific research on the correlations between use of the Internet and the rate of wildlife crime, and communicate these results to the Secretariat; and 	15 April 2020		

^{*} For the purpose of these Decisions, "indigenous peoples and local communities" is understood to include rural communities.

Wildlife crime enforcement support in West and Central Africa Malagasy palisanders and rosewoods (<i>Dalbergia</i> spp.) and ebonies (<i>Diospyros</i> spp.)	Decision	18.90	Parties importing CITES specimens from West and Central Africa Source, transit and destination Parties for Malagasy <i>Dalbergia</i> spp. and <i>Diospyros</i> spp.	AC/PC/SC/ Secretariat	AC/PC/SC/ Secretariat	 e) inform the Secretariat of any trends in wildlife crime linked to the Internet identified, including any changes in trade routes and methods of shipment that have been observed. Parties importing CITES specimens from West and Central Africa are encouraged to assist their counterparts in West and Central Africa, by implementing measures that will address wildlife crime and support legal trade that is limited to sustainable levels, in particular by: c) as a priority, raise any concerns about imports with the exporting State, or with the Animals Committee, Plants Committee, Standing Committee, or the Secretariat. Source, transit and destination Parties for specimens of species of the genera <i>Dalbergia</i> and <i>Diospyros</i> occurring in Madagascar are urged to: a) enforce all the measures that are recommended by the CITES Standing Committee concerning commercial trade in specimens of these species from Madagascar, including suspensions of such trade; b) effectively manage timber stockpiles of <i>Dalbergia</i> spp. and <i>Diospyros</i> spp. from Madagascar; and c) provide written reports describing progress made with implementation of paragraphs a) and b) of this Decision to the 73rd and 74th meetings of the Standing Committee. 	6 August 2020 (SC73) 60 days before SC74	
Malagasy palisanders and rosewoods (<i>Dalbergia</i> spp.) and ebonies (<i>Diospyros</i> spp.)	Decision	18.96	Madagascar	PC/SC	PC/SC	Madagascar shall: h) provide reports on progress with the implementation of Decision 18.96 to the 25th and 26th meetings of the Plants Committee and the 73rd and 74th meetings of the Standing Committee;	18 May 2020 (PC25) 6 August 2020 (SC73) 60 days before PC26 60 days before SC74	The Standing Committee shall [] review reports from Madagascar and the Secretariat on the implementation of Decisions 18.96 and 18.97, and make recommendations to Madagascar, relevant Parties and the Secretariat as appropriate, and take measures in accordance with Resolution Conf. 14.3 (Rev. CoP18) on <i>CITES compliance</i> <i>procedures</i> if Madagascar fails to satisfactorily implement the actions directed to it in Decision 18.96.
Illegal trade in Asian big cats (Felidae spp.)	Decision	17.226	Parties with Asian big cat captive facilities	Secretariat	SC	 All Parties in whose territory there are facilities keeping Asian big cats in captivity are requested to: a) review national management practices and controls that are in place for such facilities, to ensure that these management practices and controls are adequate to prevent Asian big cat specimens from entering illegal trade from or through such facilities; b) ensure strict application of all management practices and controls implemented to regulate the activities of facilities that keep Asian big cats in captivity, including with regard to the disposal of specimens from Asian big cats that die in captivity; and c) report to the Secretariat on progress with regard to the implementation of this Decision. 	6 August 2020 (SC73)	
Illegal trade in Asian big cats (Felidae spp.)	Decision	18.103	All Parties that have made seizure of tiger skins	With the national focal points or agencies in tiger range States, which have photographic identification databases for tigers, and the		All Parties that have made seizures of tiger skins since the 17th meeting of the Conference of the Parties are encouraged to share images in accordance with Resolution Conf 12.5 (Rev. CoP18) on <i>Conservation of</i> <i>and trade in tigers and other Appendix-I Asian big cat species</i> , paragraph 1 l) by 31 December 2019 and all Parties are encouraged to share images of any skins seized hereafter within 90 days of such seizure.	Within 90 days of the seizure of tiger skins	

Illegal trade in Asian big cats (Felidae spp.)	18.104	All Parties that have live tigers or seized tigers or tiger products	capacity to identify tigers from photographs of tiger skins Czech Republic national focal point	TigrisID	Parties are encouraged, in accordance with their national regulations, to share samples of tiger specimens from living animals, seized animals or products that could contain tiger DNA with the Czech Republic national focal point for use in the genetic research project TigrisID which is focusing on the development of novel techniques to facilitate tackling illegal trade in tiger specimens.		
Illegal trade in Asian big cats (Felidae spp.)	18.107	18.100: Parties affected by illegal trade in Asian big cat specimens, in particular Parties identified in document CoP18 Doc. 71.1 (China, Czech Republic, India, Indonesia, Lao PDR, Malaysia, Myanmar, Nepal, Thailand, USA & Viet Nam); 18.102: Parties in whose territory tourist markets exist that are contributing to illegal cross border trade involving Asian big cat specimens, 18.103: Parties in whose territories that are facilities keeping Asian big cats in captivity referred to in Decision 18.108, paragraph a) (China, Czech Republic, Lao PDR, Thailand, South Africa, USA & Viet Nam); 18.104: Parties that have made seizure of tiger skins; Parties that have live tigers or seized tigers or tiger products; 18.105: All Parties, in particular those mentioned in section 3.1.5 of Annex 4 to document CoP18 Doc. 71.1 (Afghanistan, Cambodia, China, India, Lao PDR, Myanmar, Nepal, Viet Nam); 18.106: Consumer States of specimens from	Secretariat	SC	Parties are invited to report to the Secretariat on implementation of Decisions 18.100 to 18.106 in time for the Secretariat to report to the Standing Committee and the Conference of the Parties as per requirements in paragraph 2 a) of Resolution Conf. 12.5 (Rev. CoP18).	6 August 2020 (SC73)	

			Asian big cat species					
Rhinoceroses (Rhinocerotidae spp.)	Decision	18.110	Parties that seized rhino specimens	Range States / Secretariat	SC	Parties should ensure the timely reporting of seizures and submission of DNA samples to range States, and continuously review trends associated with the illegal killing of rhinoceroses and illegal trade in rhinoceros specimens, and the measures and activities they are implementing to address these crimes, to ensure that these measures and activities remain effective and are quickly adapted to respond to any newly identified trends, and report to the Secretariat in time for consideration by the Standing Committee on any activities conducted in this regard.	Reporting of seizures and submission of DNA samples to range States: ongoing Reporting to the Secretariat: 90 days before SC74	
Rhinoceroses (Rhinocerotidae spp.)	Decision	18.111	China, Mozambique, Myanmar, Namibia, South Africa and Viet Nam	Secretariat	SC	China, Mozambique, Myanmar, Namibia, South Africa and Viet Nam are encouraged to make every effort to further strengthen their implementation of paragraphs 1 e) and 2 d) of Resolution Conf. 9.14 (Rev. CoP17) on <i>Conservation of and trade in African and Asian</i> <i>rhinoceroses</i> , including by pursuing the initiation of joint investigations and operations aimed at addressing members of organized crime networks across the entire illegal trade chain, and to report to the Secretariat on any activities conducted in this regard, in time for consideration by the Standing Committee.	90 days before SC74	
Rhinoceroses (Rhinocerotidae spp.)	Decision	18.112	Zimbabwe	Secretariat	SC	Zimbabwe is encouraged to pursue the expeditious finalization of outstanding cases in court related to rhinoceros poaching and rhinoceros horn smuggling, to consider measures that could be implemented to facilitate the swift processing of such cases in future, and to report to the Secretariat on any activities conducted in this regard, in time for consideration by the Standing Committee.	90 days before SC74	
Closure of domestic ivory markets	Decision	18.117	Parties that have not closed their domestic markets for commercial trade in raw and worked ivory	Secretariat	SC	Parties that have not closed their domestic markets for commercial trade in raw and worked ivory are requested to report to the Secretariat for consideration by the Standing Committee at its 73rd and 74th meetings on what measures they are taking to ensure that their domestic ivory markets are not contributing to poaching or illegal trade.	90 days before SC73 (6 July 2020) 90 days before SC74	
Guidance for making legal acquisition findings	Decision	18.122	All Parties	Secretariat		 Parties are invited to: a) provide to the Secretariat any relevant information, experiences, or examples regarding the use of guidance in Annex 1 to Resolution Conf. 18.7 on <i>Legal acquisition findings</i> for verifying legal acquisition of CITES specimens to be exported and any relevant information regarding the applicability of the guidance in Annex 1 to the additional circumstances in Annex 2 to Resolution Conf. 18.7; and 		
Electronic systems and information technologies	Decision	18.125	All Parties	Secretariat		 Parties are invited to: g) provide information to the Secretariat on the state of automation of CITES permit processes and the implementation of control systems for international trade in CITES-listed species and share their lessons learned. 		
Authentication and control of permits	Decision	18.129	All Parties	Secretariat		Parties are encouraged to provide the Secretariat with information on their approaches and experiences in the authentication and control of CITES permits.		
Non-detriment findings	Decision	18.134	All Parties	AC/PC	AC/PC	 Parties are encouraged to: c) make use of the guidance materials on NDFs resulting from the implementation of Decisions 18.132 and 18.133, and report experiences and findings to the Animals and Plants Committees. 	60 days before each AC and PC meeting (14/18 May 2020)	
Identification materials	Decision	18.139	All Parties	Secretariat	AC/PC	Parties are encouraged to support the efforts of the working group on identification materials by providing to the Secretariat information on available identification and guidance materials that are used by Parties, and particularly by enforcement and inspection officers, to facilitate implementation of the Convention.		
Identification of timber and other wood products	Decision	18.141	All Parties	PC	PC	 Parties are encouraged to collaborate with the Plants Committee, with relevant stakeholders and with existing initiatives in the implementation of Decision 18.140, by: e) reporting information on existing laboratories, effective wood identification training methods, tools and protocols for enforcement and customs officers, and the priority species of rosewoods and palisanders to the Plants Committee. 	18 May 2020	

1					1		
Specimens produced through biotechnology	Decision	18.147	All Parties	Secretariat		 Parties are invited to provide information to the Secretariat regarding: a) cases where they have issued, or received requests to issue, CITES permits and certificates for specimens produced through biotechnology; b) other situations when they have applied the interpretation of Resolution Conf. 9.6 (Rev. CoP16) on <i>Trade in readily recognizable parts and derivatives</i> to fauna and flora products produced through biotechnology; and c) technological developments and applications taking place, particularly in their jurisdiction, that may result in the manufacture of specimens produced through biotechnology that may have impact on the interpretation and implementation of the Convention. 	
Definition of 'appropriate and acceptable destinations'	Decision	18.152	Parties using the Non-binding guidance for determining whether a proposed recipient of a living specimen is suitably equipped to house and care for it contained in document CoP18 Doc. 44.1	Secretariat	AC	 The Secretariat shall: d) issue a notification within 30 days of the close of the 73rd meeting of the Standing Committee inviting Parties to provide feedback on experience with using the guidance contained in document CoP18 Doc. 44.1 as well as the information provided on the CITES webpage created under paragraph a) and report this to the Animals Committee and Standing Committee for their consideration and recommendations, as appropriate 	
Definition of 'appropriate and acceptable destinations'	Decision	18.154	Parties using the Non-binding guidance for determining whether a proposed recipient of a living specimen is suitably equipped to house and care for it contained in document CoP18 Doc. 44.1	Secretariat	AC	 Parties are: b) encouraged to submit relevant information for the webpage created under Decision 18.152, paragraph a). 	14 May 2020
Quotas for leopard (<i>Panthera</i> <i>pardus</i>) hunting trophies	Decision	18.165	Parties with quotas established under Resolution Conf. 10.14 (Rev. CoP16) and which did not yet provide relevant information to the Animals Committee (Botswana, the Central African Republic and Ethiopia)	AC	AC	Parties which have quotas established under Resolution Conf. 10.14 (Rev. CoP16) on <i>Quotas for leopard hunting trophies and skins for</i> <i>personal use</i> , and which did not yet provide relevant information to the Animals Committee (Botswana, the Central African Republic and Ethiopia), are requested to review these quotas and consider whether these quotas are still set at levels which are non-detrimental to the survival of the species in the wild, and to share the outcomes of the review and the basis for the determination that the quota is not detrimental, with the Animals Committee at its 31st meeting.	14 May 2020
Quotas for leopard (<i>Panthera</i> <i>pardus</i>) hunting trophies	Decision	18.166	Parties with quotas established under Resolution Conf. 10.14 (Rev. CoP16) (Botswana, Central African Republic, Ethiopia, Kenya, Malawi, Mozambique, Namibia, South Africa, Uganda, United Republic of Tanzania, Zambia, Zimbabwe)	Parties with quotas established under Resolution Conf. 10.14 (Rev. CoP16) (Botswana, Central African Republic, Ethiopia, Kenya, Malawi, Mozambique, Namibia, South Africa, Uganda,		All Parties which have quotas for leopard hunting trophies established under Resolution Conf. 10.14 (Rev. CoP16) are encouraged to exchange information and lessons learnt regarding the process for determining that such quotas are non-detrimental to the survival of the species in the wild.

Agarwood- producing taxa (<i>Aquilaria</i> spp. and <i>Gyrinops</i> spp.)	Decision	18.203	All Parties	PC	PC	 The Plants Committee shall: a) monitor the implementation of Resolution Conf. 16.10 on <i>Implementation of the Convention for agarwood-producing taxa</i> to assess any potential conservation impacts to the long-term survival of agarwood-producing species and possible problems arising from the implementation, by: developing a questionnaire on potential conservation issues in the implementation of Resolution Conf. 16.10 on <i>Implementation of the Convention for agarwood-producing taxa</i> to be circulated to the Parties through a Notification, and analysing the responses received; examining available trade data; and analysing available data on the conservation status of agarwood-producing species; and b) report findings and recommendations to the 19th meeting of the Conference of the Parties and advise on the need for a study to further assess impacts of harvest, management and trade in agarwood products on the conservation of agarwood-producing species in the wild. 	60 days before PC26		
Boswellia trees (<i>Boswellia</i> spp.)	Decision	18.205 & 208	Range States and Parties involved in management, propagation, or trade of <i>Boswellia</i> species	Secretariat	PC	 Decision 18.205: The Secretariat shall issue a Notification to the Parties and, as appropriate, liaise with relevant stakeholders of <i>Boswellia</i> trade, requesting the following information: a) biological data on <i>Boswellia</i> species, including population size, distribution, status and population trends, identification information, and its role in the ecosystem in which it occurs; b) available information about harvest and exploitation levels, trade names, stakeholders close to the harvest of the species and supply chain characteristics for domestic consumption and international trade; c) information on threats to these species, especially as it pertains to the underlying causes of poor regeneration capability and the impact of harvest on these species; d) information on any initiatives to artificially propagate these species or produce plantations of them; e) existing regulations and ownership structures pertaining to the species; and their habitat, drivers of habitat trends and management measures in place or under development, including sustainable harvest practices; and f) suggestions for meetings or other venues that might provide opportunities to collaborate or share information regarding harvest and management of these species. Decision 18.208: Range States and Parties involved in management, propagation, or trade of Boswellia species are encouraged to provide information to the Secretariat, as requested in Decision 18.205. 	18 May 2020 (PC25)		
Marine turtles (Cheloniidae spp. and Dermochelyidae spp.)	Decision	18.211	All Parties, in particular Parties that are marine turtle range States	Secretariat	AC/SC	Parties are urged to: m) respond to the Notification issued by the Secretariat per Decision 18.210, paragraph f) on the implementation of Decisions 18.210 to 18.214.	14 May 2020 (AC31) 6 August 2020 (SC73)		
Sharks and rays (Elasmobranchii spp.)	Decision	18.218 & 220	All Parties	Secretariat		 Decision 18.218 Parties are encouraged to: a) provide information to the Secretariat in support of the study called for in Decision 18.221 paragraph a), in particular on any national management measures that prohibit commercial take or trade, and in response to the Notification called for in Decision 18.220; b) in accordance with their national legislation, provide a report to the Secretariat about the assessment of stockpiles of shark parts and derivatives for CITES-listed species stored and obtained before the entry into force of the inclusion in CITES in order to control and monitor their trade, if applicable; Decision 18.220 The Secretariat shall: a) issue a Notification to the Parties, inviting Parties to: 	14 May 2020 (AC31) Possibly also 6 August 2020 (SC73)		

						 i) provide concise summaries of new information on their shark and ray conservation and management activities, in particular: A. the making of non-detriment findings; B. the making of legal acquisition findings; C. the identification of CITES-listed shark-products in trade; and D. recording stockpiles of commercial and/or pre-Convention shark parts and derivatives for CITES Appendix-II elasmobranch species and controlling the entry of these stocks into trade; and ii) highlight any questions, concerns or difficulties Parties are having in writing or submitting documentation on authorized trade for the CITES Trade Database; 	
Trade in Asian elephants (<i>Elephas</i> <i>maximus</i>)	Decision	18.226	All Parties involved in the trade in Asian elephants and their parts and derivatives	Secretariat	SC	 All Parties involved in the trade in Asian elephants and their parts and derivatives are encouraged to: a) undertake, as necessary, investigations into the illegal trade in Asian elephants and their parts and derivatives, and endeavor to enforce, and where necessary improve, national laws concerning international trade in specimens of Asian elephants with the explicit intention of preventing illegal trade; b) develop strategies to manage captive Asian elephant populations; c) ensure that trade in, and cross-border movements of live Asian elephants are conducted in compliance with CITES, including the provisions in Article III, paragraph 3, for Asian elephants of wild origin; d) collaborate in the development and application of a regional system for registering, marking and tracing live Asian elephants, requesting as necessary assistance from experts, specialized agencies or the Secretariat; and e) at the request of the Secretariat, provide information on the implementation of this Decision for reporting by the Secretariat to the Standing Committee. 	
Seahorses (<i>Hippocampus</i> spp.)	Decision	18.230	All Parties	Secretariat	AC	 To support the effective implementation of Appendix II of CITES for seahorses, Parties are invited to: a) inform the Secretariat of any national management measures that regulate or restrict international trade in seahorses; and how they are implementing and enforcing such measures for seahorses; b) share copies of their non-detriment findings with the Secretariat for posting on the CITES website to assist other CITES Parties; and c) inform seahorse traders within their jurisdiction of any quotas, including any zero quotas, and any trade suspensions for seahorses to further facilitate compliance and enforcement by all participants in the trade. 	14 May 2020 (AC31)
Seahorses (<i>Hippocampus</i> spp.)	Decision	18.231	All Parties	Secretariat	СоР	 Parties are encouraged to: a) use existing tools for effective CITES implementation and enforcement that are relevant to seahorses; b) where quotas, trade suspensions, or both are in place, develop monitoring programmes for seahorses in their national waters to understand effectiveness of these actions and any other relevant implementation and enforcement actions for seahorse conservation and management; and c) share the design and initial results of these programmes with the Secretariat to report to the 19th meeting of the Conference of the Parties. 	Deadline for submission of CoP documents
Rosewood tree species [Leguminosae (Fabaceae)]	Decision	18.234 & 235	All Parties	Secretariat		 Decision 18.235 Parties are encouraged to: a) respond to the Notification described in paragraph b) of Decision 18.234 in close collaboration with relevant stakeholders; and Decision 18.234 The Secretariat shall: b) issue a Notification seeking input from Parties, in particular exporting, re-exporting and importing countries, and relevant stakeholders to provide information to the Secretariat to share with the consultant for the purposes of completing the study outlined under paragraph a) above; 	18 May 2020 (PC25)
Pangolins (<i>Mani</i> s spp.)	Decision	18.238	All pangolin range States (Angola, Bangladesh, Benin, Bhutan, Botswana, Burkina Faso,	Secretariat	AC/SC	All pangolin range States that have not yet done so, are encouraged to take urgent steps to develop and implement <i>in situ</i> pangolin management and conservation programmes, which includes population assessments, as anticipated in paragraph 7 of Resolution Conf. 17.10 on <i>Conservation</i>	14 May 2020 (AC31) Possibly also 6 August 2020 (SC73)
