Standard nomenclature Standard references to be considered at CoP18

1. In Resolution Conf. 12.11 (Rev. CoP17) on *Standard nomenclature*, the Conference of the Parties RECOMMENDS, in paragraph 2 i), that:

the Secretariat be provided with the citations (and ordering information) of checklists that will be nominated for standard references at least six months before the meeting of the Conference of the Parties at which such checklists will be considered. The Secretariat shall include such information in a Notification to the Parties so that Parties can obtain copies to review if they wish before the meeting.

2. In compliance with this recommendation, the nomenclature specialists for the Animals and Plants Committees have proposed the citations of checklists that will be nominated for taxonomic standard references at the 18th meeting of the Conference of the Parties (CoP18, Colombo, 2019). These are listed below, along with a link to where each reference can be accessed or ordered.
