

NOTIFICATION AUX PARTIES

N° 2015/048

Genève, le 13 août 2015

CONCERNE:

PLATEFORME INTERGOUVERNEMENTALE SUR LA BIODIVERSITE ET LES SERVICES ECOSYSTEMIQUES (IPBES)

Appel à propositions et annonces de soutien pour des projets et activités de renforcement des capacités dans le cadre du prototype du Système de mise en relation de l'IPBES

1. Le Secrétariat souhaite attirer l'attention sur une demande faite par l'IPBES de propositions et d'annonces de soutien à des projets et activités de renforcement des capacités dans le cadre du prototype du Système de mise en relation de l'IPBES, donnant suite aux conclusions de la troisième session de la Plénière (décision IPBES-3/1). L'appel à propositions initial de l'IPBES est joint en annexe à la présente notification (disponible uniquement en anglais).
2. Cette demande de propositions est étroitement reliée à la notification concernant le premier Forum de l'IPBES sur le renforcement des capacités, qui se tiendra à Dehradun (Inde), du 19 au 22 octobre 2015. Lors de ce Forum, des exemples de propositions et d'annonces répondant à cette demande seront présentés aux participants dans le cadre du lancement du prototype du Système de mise en relation de l'IPBES.
3. Pour ce premier appel concernant le prototype du Système de mise en relation, le Secrétariat de l'IPBES répartit les propositions et annonces de soutien en trois catégories. La description des catégories ainsi que les formulaires correspondants pour la soumission des propositions figurent dans la notification initiale de l'IPBES, à l'adresse ci-dessous:

http://www.ipbes.net/images/documents/press/20150720_Call_for_proposals_IPBES_Matchmaking_Facility.pdf
4. Les propositions et annonces devraient être transmises au plus tard le 5 septembre 2015. Pour toute question concernant cette demande ou le Système de mise en relation, veuillez contacter l'unité de soutien technique de l'IPBES en matière de renforcement des capacités à l'adresse : tsu.capacitybuilding@ipbes.net.

20 July 2015

Dear IPBES Member States, Observers and Partners,

The objective of this letter is to launch a call for proposals and pledges of support for capacity-building projects and activities under the prototype *IPBES Matchmaking Facility*, following up on the outcome of the third session of the Plenary (decision IPBES-3/1).

To support the mobilisation and alignment of technical and financial resources for priority capacity-building needs, IPBES is developing a prototype Matchmaking Facility. This Facility aims to promote and facilitate dialogue and cooperation among institutions, organisations and individuals looking for technical and financial support, and those in a position to provide such support.

The Facility comprises two components: a **web-based tool** bringing together those looking for support and those seeking to offer support for development and implementation of capacity-building activities in a common, searchable interface; and a set of **enabling activities** including regional dialogues, a Capacity-building Forum, and other face-to-face networking and support activities.

Together, the two components of the prototype IPBES Matchmaking Facility represent a significant opportunity for institutions, organisations and individuals that are either searching for technical or financial support for capacity-building projects, or are seeking to participate in such projects through contribution of technical or financial resources. When fully operational, it is envisaged that the IPBES Matchmaking Facility will receive pledges and project proposals continuously.

This call for proposals is closely associated with the [notification](#) on the first IPBES Capacity-building Forum to be held in Dehradun, India, 19-22 October 2015. During the Forum, examples of proposals and pledges resulting from this call will be presented to participants as a part of the launch of the prototype IPBES Matchmaking Facility.

During this first call for the prototype Matchmaking Facility, we are accepting proposals and pledges in three categories:

- a) Proposals looking for technical or financial support for **planning** capacity-building projects and activities, and **developing** proposals. Institutions, organisations, partnerships and individuals looking for technical or financial support in the

development of a capacity-building project or activity are requested to submit the form found [here](#).

- b) Proposals looking for technical or financial support for **implementation** of capacity-building projects and activities. Institutions, organisations, partnerships and individuals looking for technical or financial support in the implementation of a capacity-building project or activity are requested to submit the form found [here](#).
- c) Pledges to commit technical or financial support for the development or implementation of capacity-building projects and activities. Institutions, organisations and individuals looking to contribute to capacity-building areas, projects or activities are requested to submit the form found [here](#).

All submitted proposals and pledges should align with the IPBES priority capacity-building needs as established by the IPBES Plenary in decision IPBES-3/1, and available in the Concept note for the IPBES Capacity-building Forum, accessible [here](#).

Submitted proposals and pledges will be reviewed and evaluated by the IPBES Task Force on capacity-building and its technical support unit based on their relevance to addressing the IPBES priority capacity-building needs, and their potential for use in demonstrating and testing the prototype Matchmaking Facility. Accepted proposals and pledges will become publically accessible following the launch of the Facility at the IPBES Capacity-building Forum.

Member States, Observers and Partners are invited to disseminate this call to relevant institutions, organisations and individuals for them to express their interest. Proposals from a broad range of organisations/institutions/individuals are encouraged.

In order to enable the development of the prototype Matchmaking Facility in time for the Capacity-building Forum, proposals and pledges should be submitted through the links provided above **no later than 5 September 2015**. For all questions concerning the call and the Matchmaking Facility please contact the technical support unit on capacity-building on tsu.capacitybuilding@ipbes.net.

I look forward to your valuable assistance in disseminating this important call, and to your continued support for the implementation of our ambitious work programme in 2015.

With very best regards,

Professor Zakri Abdul Hamid,
Chair, Intergovernmental Platform on Biodiversity and Ecosystem Services
