

NOTIFICATION TO THE PARTIES

No. 2023/099

Geneva, 11 August 2023

CONCERNING:

UNITED STATES OF AMERICA

U.S. Fish and Wildlife Service Combating Wildlife Trafficking Program:
Notice of Funding Opportunity (NOFO)

1. This notification is published at the request of the United States of America.
2. The U.S. Fish and Wildlife Service Combating Wildlife Trafficking Program has released the [2024 Notice of Funding Opportunity for the new Species Conservation Catalyst Fund \(SCCF\) on Songbird Trade](#). Proposals are due **December 8, 2023**.
3. The SCCF on Songbird Trade focuses on the trade of songbirds native to the Guiana Shield and Caribbean for singing competitions. The highlights of the SCCF are shown in the Annex of this Notification (English only), while details can be found in the [SCCF program website](#), including answers to frequently asked questions (FAQs).
4. Any queries regarding the funding opportunity should be made directly to: Jen Miller, Program Officer, at jennifer_r_miller@fws.gov or to the Combating Wildlife Trafficking Program at cwt@fws.gov.

.....

The Species Conservation Catalyst Fund (SCCF) aims to reduce wildlife trafficking for specific species by supporting work that catalyzes significant and sustained change across the entire trade chain. We fund projects for 2-5 years.

OBJECTIVES

SCCF Songbirds invites proposals for two broad objectives:

- (1) addressing the illegal, unsustainable trade of songbirds directly through project activities or
- (2) convening and coordinating award recipients to support effective, sustainable collective impacts.
