

NOTIFICATION TO THE PARTIES

No. 2024/073

Geneva, 25 June 2024

CONCERNING:

PANAMA

Zero export quotas for sharks and rays from Panama

1. This notification is published at the request of Panama.
2. Panama has established zero export quotas for all species of sharks and rays included in the Appendices (Elasmobranchii spp.), except for *Prionace glauca*.
3. Export quotas for *Prionace glauca* can be consulted on the [Export quotas](#) page of the CITES website.
4. The zero quotas will be in force until there is reliable scientific information obtained from population monitoring of each species of sharks and rays of commercial importance, as well as other tools to ensure appropriate traceability and effective landing controls.
5. This measure only excludes transactions of specimens for Scientific (S) and Law enforcement / judicial / forensic (L) purposes, from any source.
6. The zero quota applies to all source codes.
